**Cooking** Jessamyn Neuhaus,2012-03-15 A study of what American cookbooks from the 1790s to the 1960s can show us about gender roles food and culture of their time From the first edition of The Fannie Farmer Cookbook to the latest works by today's celebrity chefs cookbooks reflect more than just passing culinary fads As historical artifacts they offer a unique perspective on the cultures that produced them In Manly Meals and Mom's Home Cooking Jessamyn Neuhaus offers a perceptive and piquant analysis of the tone and content of American cookbooks published between the 1790s and the 1960s adroitly uncovering the cultural assumptions and anxieties particularly about women and domesticity they contain Neuhaus's in depth survey of these cookbooks questions the supposedly straightforward lessons about food preparation they imparted

While she finds that cookbooks aimed to make readers mainly white middle class women into effective modern age homemakers who saw joy not drudgery in their domestic tasks she notes that the phenomenal popularity of Peg Bracken's 1960 cookbook *The I Hate to Cook Book* attests to the limitations of this kind of indoctrination. At the same time she explores the proliferation of bachelor cookbooks aimed at the man in the kitchen and the biases they display about male and female abilities, tastes and responsibilities. Neuhaus also addresses the impact of World War II rationing on homefront cuisine, the introduction of new culinary technologies, gourmet sensibilities and ethnic foods into American kitchens and developments in the cookbook industry since the 1960s. More than a history of the cookbook, *Manly Meals and Mom's Home Cooking* provides an absorbing and enlightening account of gender and food in modern America. An engaging analysis, Neuhaus provides a rich and well-researched cultural history of American gender roles through her clever use of cookbooks. Sarah Eppler Janda, *History Reviews of New Books*. With sound scholarship and a focus on prescriptive food literature, *Manly Meals* makes an original and useful contribution to our understanding of how gender roles are institutionalized and perpetuated. Warren Belasco, senior editor of *The Oxford Encyclopedia of American Food and Drink*. An excellent addition to the history of women's roles in America as well as to the history of cookbooks. *Choice*

**Fit Men Cook** Kevin Curry, 2018-12-04. The fitness influencer and creator of the #1 bestselling *Food freedom* to indulge occasionally while being mindful of portions and freedom to achieve wellness goals without breaking the bank.
