**Enduring Violence** Cecilia Menjívar,2011-04 A rare and groundbreaking contribution to the study of everyday violence Richly textured by the experiences of Ladino women in eastern Guatemala Enduring Violence is not only informed by but serves to inform cutting edge theoretical debate which links multiple aspects of personal abuse and rights violations with broader structural and institutional factors Menj var s scholarly and sensitive monograph makes a profoundly persuasive case for an holistic conceptualisation of violence that positions women s human rights at the centre of development in post conflict and other developing states A must read for all interested in issues of gender ethnic and other forms of social economic and political injustice Sylvia Chant London School of Economics and Political Science Violence in Guatemala can be a mind numbing though urgent and necessary topic of study Horrific data mount from state sponsored genocide in the 1980s to femicide lynchings and shadow state violence today but clarifying analysis does not always follow This insightful and beautifully crafted monograph is a welcome exception Rather than recognizable interpersonal or overtly political acts Menjivar focuses on the mundane insults and indignities that women endure violence so normalized that it often fades from view she then turns standard causal reasoning on its head arguing that these misrecognized processes of daily dehumanization are profoundly diagnostic an unexamined key to why the horrific data keep mounting Though somber in content Menjivar s book offers inspiring confirmation that innovative engaged scholarship on intractable social problems can make a difference Charles R Hale University of Texas at Austin Enduring Violence is of great scholarly importance as it fills a gap in the literature about Guatemala and allows for a nuanced understanding of the ways that women live with violence in their everyday lives Menjivar s focus on women s discourses of illness surveillance and endurance is particularly insightful since these narratives symbolize the multiple levels of violence in women s lives and the often imperceptible practices through which a daily life with violence is mediated M Gabriela Torres Wheaton College Menjivar s deep commitment to shedding light on the many forms of violence that women experience is evident throughout her book She effectively shows how the violence faced by women goes beyond physical violence and has structural origins as well in various forms This is a great and informative work that needs to be read to understand the structural causes that bring injury to Guatemalan women Nestor Rodriguez University of Texas at Austin In Enduring

Violence Cecilia Menjivar presents a perceptive and powerful account of the multiple and entwined layers of violence that permeate the lives of diverse women in Guatemala. The book offers both a valuable theoretical lens and a textured ethnographic analysis which brings into sharp focus not only the most egregious forms of gender based physical violence but also a range of invisible injurious practices rooted in pervasive structures of inequality. Written with empathy while retaining a critical edge this accessible and insightful volume sheds light on complex political economic and social processes shaping the violent realities of many women in Latin America. Barbara Sutton author of *Bodies in Crisis Culture Violence and Women's Resistance in Neoliberal Argentina* So much has been written about the spectacular agony of Central America's recent history. In *Enduring Violence* Cecilia Menjivar seeks to understand the structures that gird not only the publicly visible violence but also the unspectacular slow often silent suffering that defines so many lives in the region. Her moving ethnography may explore the painful particulars of gendered existence in eastern Guatemala but it also does so in such a way that reveals how deeply embedded inequalities can contort all human relations. **Surviving State Terror** Barbara Sutton, 2018

Honorable Mention 2019 Distinguished Book Award given by the Sex/Gender Section of the American Sociological Association. Honorable Mention 2019 Marysa Navarro Book Prize given by the New England Council of Latin American Studies NECLAS. A profound reflection on state violence and women's survival. In the 1970s and early 80s military and security forces in Argentina hunted down tortured, imprisoned, and in many cases murdered political activists, student organizers, labor unionists, leftist guerrillas, and other people branded subversives. This period was characterized by massive human rights violations including forced disappearances committed in the name of national security. State terror left a deep scar on contemporary Argentina but for many survivors and even the nation itself talking about this dark period in recent history has been difficult and at times taboo. For women who endured countless forms of physical, sexual, and emotional violence in clandestine detention centers the impetus to keep quiet about certain aspects of captivity has been particularly strong. In *Surviving State Terror* Barbara Sutton draws upon a wealth of oral testimonies to place women's bodies and voices at the center of the analysis of state terror. The book showcases poignant stories of women's survival and resistance, disinterring accounts that have yet to be fully heard, grappled with, and understood. With a focus on the body as a key theme, Sutton explores various instances of violence toward women such as sexual abuse and torture at the hands of state officials. Yet she also uses these narratives to explore why some types of social suffering and certain women's voices are heard more than others and how this can be rectified in our own practices of understanding and witnessing trauma. In doing so Sutton urges us to pay heed to women survivors' political voices, activist experiences, and visions for social change. Recounting not only women's traumatic experiences but also emphasizing their historical and political agency, *Surviving State Terror* is a profound reflection on state violence, social suffering, and human resilience both personal and collective.
