Body And Soul Human Nature And The Crisis In Ethics:

Body & Soul J. P. Moreland, Scott B. Rae, 2000-03-24 The rise of science has called into question the existence of the soul and even many Christian intellectuals view the soul as an outdated and unbiblical concept J P Moreland and Scott B Rae present a vigorous philosophical and ethical defense of human nature as body and soul examining Christian dualism as it impinges on critical ethical concerns Body & Soul Scott B. Rae, J. P. Moreland, 2000 **Edith Stein and the Body-soul-spirit at the Center of Holistic Formation** Marian Maskulak, 2007 With a particular emphasis on the soul this book explores Edith Stein's holistic conception of the human being's body soul spirit unity which forms the foundation of her Christian anthropology and her view of human formation Characterized by an unremitting attention to interconnections Stein emerges as a forerunner of contemporary holistic approaches Edith Stein and the Body Soul Spirit at the Center of Holistic Formation demonstrates the breadth and relevance of Stein's work by engaging her thought with the anthropological views of fellow phenomenologist John Paul II Wilkie Au's perspectives on holistic spirituality and formation and several nonreductionist neuroscientific viewpoints of the human being This book also makes available to the English reader a significant amount of material from Stein's untranslated works Anyone interested in theological anthropology holistic spirituality human formation the body mind question or Edith Stein studies will benefit from the wealth of material presented in this single book *Body, Soul, and Life Everlasting* John W. Cooper, 2000 This widely acclaimed study of biblical anthropology is available once more along with a substantial new preface by the author Fully engaged with theological philosophical and scientific discussions on the nature of human persons and their destiny beyond the grave John Cooper's defense of holistic dualism remains the most satisfying and biblical response to come from the monism dualism debate First published in 1989 *Body Soul and Life Everlasting* is required reading for Christian philosophers theologians psychologists and students interested in the mind body question *Enhancing Our Way to Happiness?* Kathy McReynolds, 2004 Author Kathy McReynolds argues that the modern self can indeed become self fulfilled but not truly happy with the help of science especially biotechnology She draws upon the classical and modern theories of Aristotle and Francis Bacon to reconsider the idea of the soul This book offers a unique perspective to the interesting and necessary discussion of the soul **In Search of the Soul, Second Edition** Joel B. Green, 2010-11-01 Why A Search for the Soul Many Christians assume that it is biblically faithful and theologically noncontroversial to speak of humans having a soul Yet a wide range of biblical scholars are questioning whether we have correctly understood what the Bible means when it speaks of the soul And contemporary neuroscience is laying more and more questions at the doorstep of the church asking whether our human sense of self is intelligible on the basis of soul But for thoughtful Christians following science on this point looks like caving in to reductionism while denying science gives off the door of obscurantism In Search of the Soul provides a rare opportunity to listen in as four Christian philosophers set forth their best arguments for their distinct views and then respond to each other

While each of these views calls for careful framing and patient exposition they are labeled as follows SUBSTANCE DUALISM Stewart Goetz EMERGENT DUALISM William Hasker NONREDUCTIVE PHYSICALISM Nancey Murphy CONSTITUTION VIEW OF PERSONS Kevin Corcoran The editor introduces the debate by laying out the critical issues at stake and wraps it up by considering the implications for the Christian life particularly hospitality and forgiveness This is a book of timely interest to philosophers theologians psychologists and pastors Whatever conclusions readers may draw they will find here an instructive and engaging discussion of a controversy that will not go away any time soon **In Search of the Soul** Joel B. Green, Stuart L. Palmer, Kevin Corcoran, 2005-01-01 Editors Joel B Green and Stuart L Palmer present differing evangelical perspectives on the body and soul mind and brain problem Stewart Goetz on substance dualism William Hasker on emergent dualism Nancey Murphy on nonreductive physicalism and Kevin Corcoran on the constitution view of persons

Health-Care Ethics James R. Thobaben, 2010-02-26 Founded on in depth biblical studies and perceptive theological perspective James Thobaben's book has given us a comprehensive treatment of the myriad ethical issues involved in health care He addresses topics such as the nature of evangelical faith understanding illness family caring the role of health care providers institutional considerations ethical issues related to reproduction death and dying Thobaben guides us into the realm of ethical discernment and decision making by grasping the interconnections between health care in its various dimensions with the whole of true Christian living If you are a student or pastor or serving in the health care professions this monumental resource is for you *Beyond Male and Female?* Sam Ashton, 2023-09-21 In this incisive work Sam Ashton provides a compelling consistent and erudite argument for a foundational approach to the matter of sexual difference drawing on biblical and doctrinal material and using resources in their original languages He tracks and traces the sexed body as it moves from creation through the fall to redemption now and final consummation not yet In doing so Ashton presents what is perhaps the strongest case that can be made for male and female He created them Each chapter privileges biblical exegesis drawing upon figures in church history notably Augustine and Aquinas as and when they illumine Scripture By doing so the book considers the difficulty presented to sexual dimorphism by the phenomenon of intersex Ashton seeks to develop an understanding that is generous inclusive and affirming so he works carefully through the writings of Thatcher Song and Cornwall in a way that invites engagement and dialogue With the complete divine drama in view the book offers synthetic judgments about what remains essential for the structure of the sexed body as it travels through history and what may be accidental to the sexed body's direction within a particular theo dramatic act Ashton concludes by considering ways to transition from dogmatic judgments about intersexuality to the moral pastoral care of concrete intersex individuals briefly thinking about the complex matter of marriage *Paul and the Resurrected Body* Matt O'Reilly, 2020-03-20 A new reading of Pauline theology ethics and eschatology grounded in social identity theory and sociorhetorical criticism Readers often think of Paul's attitude toward the resurrection of the body in individual terms a single body raised as the climax of an individual's

salvation In Paul and the Resurrected Body Social Identity and Ethical Practice Matt O Reilly makes the case that for Paul the social dimension of future bodily resurrection is just as important if not more so Through a close reading of key texts in the letters to the Corinthians Romans and Philippians O Reilly argues that resurrection is integral to Paul s understanding of Christian social identity In Paul s theological reasoning a believer s hope for the future depends on being identified as part of the people of God who will be resurrected Features A clarification of the eschatological basis for Paul s ethical expectations Exploration of the social significance of Paul s theological reasoning An integration of ancient rhetorical theory with contemporary social identity theory Body, Soul, and Human Life Joel B. Green,2008 Are humans composed of a material body and an immaterial soul This view is commonly held by Christians yet it has been undermined by recent developments in neuroscience How much of Christian theology is built on views of humanity that modern science has proved to be untenable Exploring what Scripture and theology teach about issues such as being in the divine image the importance of community sin free will salvation and the afterlife Joel Green argues that a dualistic view of the human person is inconsistent with both science and Scripture Publisher description of OCLC The Body God Gives Robert S. Smith,2025-02-19 In The Body God Gives A Biblical Response to Transgender Theory Robert S Smith argues that God intends a person s gender to be grounded in the reality of his or her biological sex the body God has given *Life and Learning* University Faculty for Life.
