**Supporting and Accommodating Students with Special Health Care Needs** Azure D. S. Angelov, Mary Jo Rattermann, 2023-12-06 Schools are increasingly responding to the impact and prevalence of special health care needs among children and youth COVID 19 brought the health needs of many students to the forefront Now more than ever it is crucial to for educators to plan for working with students with health needs Many of these students with health needs are eligible for special education and related services and will need programming appropriate to address their unique needs Further school teams and special education personnel must continually ensure that goals and services within an IEP consider the student s individual circumstances and impact on functioning This book will provide strategies for supporting students with health care needs throughout their education including referral family engagement report writing IEP design and implementation Fortunately school teams can apply many components of a health care needs approach to developing IEPs regardless of the concern or the existence of a medical history This book provides guidance to educators to assist in the development of legally defensible IEP s for all students particularly those with a known or suspected history of health care needs Specifically the book will help Provide a clear description of the impact of adversity and health care needs on student functioning particularly for students with disabilities Describe how symptoms of health care needs map onto existing

disability categories within IDEA Apply a supportive approach to family engagement assessment and report writing Take a different approach to PLAAFPs Establish goals that are legally defensible and are written in light of the child's circumstances viewing behavioral concerns as a skill deficit rather than purely a performance deficit Beyond the objectives described above the information is particularly valuable given ongoing state and local legislation mandating schools become more aware of students with health care needs and apply those approaches to all aspects of our work in schools e.g. interactions discipline interventions Despite the significant increase in recognizing the impact of students with health care needs few books have operationalized that to the various components of service delivery This book is the first of its kind in operationalizing a health care informed approach to IEP development
