American Communism A Critical Analysis Of Its Origins Development And Programs

Carnegie Library of Pittsburgh

American Communism A Critical Analysis Of Its Origins Development And Programs:

American Communism James Oneal, 1927 *American communism, a critical analysis of its origins, development and programs* James Oneal, Gustave Adolph Werner, 1947 *American communism, a critical analysis of its origins, development and programs* James Oneal, Gustave Adolph Werner, 1947 *American Communism, a Critical Analysis of Its Origins, Development and Programs by James Oneal and G. A. Werner,... New and Revised Edition* Gustave Adolph Werner, James Oneal, 1947 *James P. Cannon and the Origins of the American Revolutionary Left, 1890-1928* Bryan D. Palmer, 2010-10-01
Bryan D Palmer's award winning study of James P Cannon's early years 1890-1928 details how the life of a Wobbly hobo agitator gave way to leadership in the emerging communist underground of the 1919 era. This historical drama unfolds alongside the life experiences of a native son of United States radicalism, the narrative moving from Rosedale, Kansas to Chicago, New York, and Moscow. Written with panache, Palmer's richly detailed book situates American communism's formative decade of the 1920s in the dynamics of a specific political and economic context. Our understanding of the indigenous currents of the American revolutionary left is widened just as appreciation of the complex nature of its interaction with international forces is deepened. *American Communism* James Oneal, 1927 **The Communist Experience in**

America Harvey Klehr, 2017-07-28. Arguments about whether distinctive features of American society, culture, political structure, economic system, or population account for the relative weakness of American radicalism have engaged historians, sociologists, and political scientists for decades. Influential concepts such as frontier theory have been linked with the absence of class conflict in America. Other analysts have attributed the failure of the American Left to fierce repression, giving red scares, and the McCarthy era as illustrations. Some have linked the American Left's failure to American immigration, winner take all elections, and the cultural values of individualism. The Communist Party, one of America's largest and longest lasting radical groups, offers many lessons about how radical political groups can take advantage of or squander their opportunities. Klehr focuses on the theme of American exceptionalism and problems that America's capitalist society raised for Marxism and other radical groups. *The Communist Experience in America* deals with dissident communist formulations. Such groups included a number of talented men who went on to a variety of political and literary careers. Klehr also deals with fellow travelers, some of whom wrote fascinating essays on American exceptionalism and the decline of political extremism. In part, Klehr hopes to inspire the same moral outrage about Communism that fuels those dedicated to ensuring that Nazi crimes are never forgotten or obfuscated. Communism in practice everywhere in the world also came at enormous human cost. Regardless of their other virtues or qualities, those who supported or defended Communism from the safety of the United States must be called to account. This work does just that in detail and depth. **Harold D. Lasswell: An Annotated**
