American Procedure Vol Classic Reprint:

From Fact to Fiction Shelley Fisher Fishkin, 1988 This volume offers the first full length study to examine the tradition in American letters since the 1830s of great imaginative writers beginning their careers in journalism Fishkin focuses on the lives and careers of Walt Whitman Mark Twain Theodore Dreiser Ernest Hemingway and John Dos Passos in order to discover the roots of their greatest imaginative works and the factors that led each writer to turn to fiction Her probing examination of the poetry and fiction that followed the newspaper and magazine work of these writers reveals how each transformed fact into art and how journalism has helped to give a distinctively American cast to American literature
