You Should Really Write a Book Regina Brooks, Brenda Lane Richardson, 2012-08-21 The days are long gone when publishing professionals were willing to take on a manuscript simply because it's based on a good idea or even because it's well written. With eyes focused on the bottom line, agents and editors now look for skilled and creative authors who come with an established audience too. *You Should Really Write a Book* is essential reading for those wanting to write commercially viable memoirs in today's vastly changed publishing industry. It is designed as a guide for writers, editors, and marketing professionals. Brooks and Richardson utilize the newest social networking, marketing, and promotional trends and explain how to conceptualize and strategize campaigns that cause buzz, dramatically fueling word of mouth and boosting the chances of attracting attention in the publishing world and beyond. Created to give writers a competitive advantage, this handy and concise book focuses on six major memoir categories, explains what sells and why, and teaches writers to think like publishers. Provided by publisher.

American War Stories Brenda M. Boyle, 2020-11-13 *American War Stories* asks readers to contemplate what traditionally constitutes a war story and how that constitution obscures the normalization of militarism in American culture. The book claims the traditionally narrow scope of war story as by a combatant about his wartime experience compartmentalizes war, casting armed violence as distinct from everyday American life. Broadening war story beyond the specific genres of war narratives such as war films, war fiction, or war memoirs, *American War Stories* exposes how ingrained militarism is in everyday American life, a condition that challenges the very democratic principles the United States is touted as exemplifying.

[The War Comes with You](#) Stacey Peebles, 2024-12-12 How do we tell twenty-first century war stories when the wars seem to go on forever? In the post-2011 surge of war stories published in America and Iraq, the defining characteristic is the depiction of combat violence that crosses borders, overtakes civilian spaces, and disrupts chronology. In *The War Comes with You*, Enduring War in Life, Fiction, and Fantasy, Stacey Peebles picks up where her groundbreaking first book, *Welcome to the Suck: Narrating the American Soldier's Experience in Iraq*, left off. Via careful readings of fiction, memoir, and poetry by writers such as Ben Fountain, Siobhan Fallon, Brian Turner, and Hassan Blasim, as well as recent superhero and Star Wars films, Peebles argues that in the face of real and fantasy forever wars, things fall apart. Language, identities, bodies, and even the stories themselves fragment. These narratives suggest that people need not accept incoherence, and there is a range of meaningful responses to the experience of everywhere all the time war. Peebles illustrates what to do that is when war comes with you.

Monsters, Law, Crime Caroline Joan "Kay" S. Picart, 2020-11-18 *Monsters, Law, Crime* is an edited collection composed of essays written by prominent U.S. and international experts in Law, Criminology, Sociology, Anthropology, Communication, and Film, constituting a rigorous attempt to explore fertile interdisciplinary inquiries into monsters and monster talk and law and crime. This edited collection explores and updates contemporary discussions of the emergent and evolving frontiers of monster theory in relation to cutting-edge research on

law and crime as extensions of a Gothic Criminology This theoretical framework was initially developed by Caroline Joan Kay S Picart a Philosophy and Film professor turned Attorney and Law professor and Cecil Greek a Sociologist Picart and Greek 2008 Picart and Greek proposed a Gothic Criminology to analyze the fertile synapses connecting the real and the reel in the flow of Gothic metaphors and narratives that abound around criminological phenomena that populate not only popular culture but also academic and public policy discourses Picart s edited collection adapts the framework to focus predominantly on law and the social sciences
