[Shatter the Nations](#) Mike Giglio, 2019-10-15 Unflinching dispatches of an embedded war reporter covering ISIS and the unlikely alliance of forces who came together to defeat it The battle to defeat ISIS was an unremittingly brutal and dystopian struggle a multi sided war of gritty local commandos and militias Mike Giglio takes readers to the heart of this shifting uncertain conflict capturing the essence of a modern war At its peak ISIS controlled a self styled caliphate the size of Great Britain with a population cast into servitude that numbered in the millions Its territory spread across Iraq and Syria as its influence stretched throughout the wider world Giglio tells the story of the rise of the caliphate and the ramshackle coalition aided by secretive Western troops and American airstrikes that was assembled to break it down village by village district by district The story moves from the smugglers traffickers and jihadis working on the ISIS side to the victims of its zealous persecution and the local soldiers who died by the thousands to defeat it Amid the battlefield drama culminating in a climactic showdown in Mosul is a dazzlingly human portrait of the destructive power of extremism and of the tenacity and astonishing courage required to defeat it

[The Greatest Navy SEAL Stories Ever Told](#) Laurence J. Yadon, 2018-09-01 The Greatest Navy SEAL Stories Ever Told is the first book to place side by side extraordinary stories of SEALs who put their lives on the line and then go out and do it again the next day They illustrate the SEAL maxim The person who will not be defeated cannot be defeated SEALs in action men of courage and ingenuity from the rice paddies and hills of Vietnam to the plains and mountains of Afghanistan Iraq and Pakistan appear in these pages These stories cover the most significant overt and covert operations conducted since the U S Navy established Sea Land and Air Teams SEALs established in January 1962 The one common denominator in these chapters is the courage and ingenuity of those who proudly call themselves Navy SEALs Sometimes SEALs and other participants in these stories recall differing versions of the

same events as recounted here for the reader to make his own judgments So far as I know no previously classified or sensitive information is revealed in these pages **Diddly Squat: 'Til The Cows Come Home** Jeremy Clarkson,2022-09-29 THE NO 1 SUNDAY TIMES BESTSELLER Head back down to Clarkson Farm with the latest bestseller from our favourite welly wearing wannabe farmer Jeremy Clarkson \_\_\_\_\_ Enthusiastic trainee farmer Jeremy Clarkson made just 144 in his first year at Diddly Squat Farm This year he s determined to do better Not because he now knows what he s doing But because he s fed up of getting stick from Kaleb Yet farming continues to be a challenge For instance Loading a grain trailer was more demanding than flying an Apache gunship Cows were more dangerous than motor racing It s easier to get planning permission to build a nuclear plant than to turn a barn into a restaurant Jeremy s always got a plan Loads of them Often cunning Not always greeted with wild enthusiasm by Kaleb and Cheerful Charlie however \_\_\_\_\_ PRAISE FOR DIDDLY SQUAT Clarkson has done more for farmers in one series than Countryfile achieved in 30 years James Rebanks author of A Shepherd s Life Clarkson has showcased the passion humour and personalities of the people who work throughout the year to grow the nation s food and brought an understanding of many of the issues faced by farmers to the British public National Farmers Union A deserving Farming Champion of the Year Farmers Weekly I don t know anything about farming It s like David Attenborough doing jet skiing or Nicholas Witchell saying I m going to be a cage fighter Jeremy Clarkson

**Transnational Film and the US Wars in Iraq & Afghanistan** Marzena Sokołowska-Paryż,Marek Paryż,2025-01-15 This book offers insights into diverse non American national perspectives on the US led military interventions in Afghanistan and Iraq within the generic frames of the war film While the best known films about the post 9 11 wars in the Middle East are American productions various other national cinematographies have responded to these conflicts which is not surprising given the fact that international coalitions were formed to support the US military effort However non American war films about these US instigated interventions have received little attention outside their own national contexts This volume fills in the gap in the existing war film criticism by offering insights into how the Afghanistan War 2001 2021 and the Iraq War 2003 2011 have been represented in popular and documentary filmic productions in Iraq Afghanistan Great Britain Germany Denmark Poland Spain and Australia The contributions prove the need for transnationalism as an eye opening perspective on the war film genre by underscoring nationally specific social political and aesthetic differences alongside important correspondences between cultural productions across nations Transnational film and the US wars in Iraq and Afghanistan will be a key resource for scholars and researchers of film studies media and cultural studies film history war studies literary criticism and sociology It was originally published as a special issue of Journal of War Culture Studies **Moral Injury among Returning Veterans** Joshua Morris,2021-08-23 Josh Morris privileges the voices of veterans to argue that returning soldiers need families friends and religious communities to listen to their stories with compassion to avoid amplifying the effects of moral injury When society greets returning soldiers in ways that reinforce cultural norms that frame military

service as heroic rather than acknowledging its ambiguities and harmful effects it exacerbates moral injury and keeps veterans from resolving inner conflicts and coping effectively with civilian life Morris a military chaplain and veteran who served in Afghanistan knows these difficulties first hand Using stories from other veterans Morris helps us see how cultural assumptions about military service can complicate moral injury and a veteran's return home Drawing from liberation theologies ideology critique and Antonio Gramsci's advocacy for the working class the book suggests useful perspectives and spiritual care resources for military chaplains religious leaders caregivers and concerned civilians Morris argues that military chaplains are uniquely positioned to help returning soldiers resist the amplification of existing moral injury Moving from thank you for your service to liberative solidarity can galvanize resistance and make change possible **Hunting LeRoux**
