Moral

Injury among Returning Veterans Joshua Morris, 2021-08-23 Josh Morris privileges the voices of veterans to argue that returning soldiers need families friends and religious communities to listen to their stories with compassion to avoid amplifying the effects of moral injury When society greets returning soldiers in ways that reinforce cultural norms that frame military service as heroic rather than acknowledging its ambiguities and harmful effects it exacerbates moral injury and keeps veterans from resolving inner conflicts and coping effectively with civilian life Morris a military chaplain and veteran who served in Afghanistan knows these difficulties first hand Using stories from other veterans Morris helps us see how cultural assumptions about military service can complicate moral injury and a veteran's return home Drawing from liberation theologies ideology critique and Antonio Gramsci's advocacy for the working class the book suggests useful perspectives and spiritual care resources for military chaplains religious leaders caregivers and concerned civilians Morris argues that military chaplains are uniquely positioned to help returning soldiers resist the amplification of existing moral injury Moving from thank you for your service to liberative solidarity can galvanize resistance and make change possible
