the great old man of American film is still controversial after all these years Many of the critical essays in this collection focus on Eastwood's 2014 *American Sniper* a particularly controversial film and a devastating personal account of the horrors of war Additional essays within the collection address his films that deserve more recognition than they have received to date The chapters vary by topic and identify themes ranging from aging race and gender to uses of Western conventions and myth to the subtleties of quieter themes and stylistic choices in Eastwood's body of cinematic work As a collection these essays show that none of these themes account for Eastwood's entire vision which is multifaceted and often contradictory dramatizing complex issues in powerful character driven narratives The Routledge International Handbook of Jungian

Monstrous Fantasies Leila K. Norako, 2024-08-15 Monstrous Fantasies asks why medieval romances reimagining the crusades ending in a Christian victory circulated in England with such abundance after the 1291 Muslim reconquest of Acre the last of the Latin crusader states in the Holy Land and what these texts reveal about the cultural anxieties of late medieval England Leila K Norako highlights the impact that the Ottoman victory and subsequent massacre of Christian prisoners at the battle of Nicopolis in 1396 had on intensifying the popularity of what she calls recovery romance These two episodes inspired a sense of urgency over the fate of the Holy Land and of Latin Christendom itself resulting in the proliferation of romances in which crusading English kings like Richard I and anachronistic legends like King Arthur not only reconquered Jerusalem but committed genocidal violence against the Muslims These romances which as Norako argues also influenced Geoffrey Chaucer's Canterbury Tales conjure fantasies of an ascendant global Christendom by rehearsing acts of conquest and cultural annihilation that were impossible to realize in the late Middle Ages Emphasizing the tension in these texts between nostalgia and anticipation that fuels their narrative momentum Monstrous Fantasies also explores how the cultural desires for European and Christian hegemony that recovery romances versified were revived in the wake of the so called wars on terror in the twenty first century in such films as Kingdom of Heaven and American Sniper

Through the Crosshairs Roger Stahl, 2018-06-21 Now that it has become so commonplace we rarely blink an eye at camera footage framed by the crosshairs of a sniper's gun or from the perspective of a descending smart bomb But how did this weaponized gaze become the norm for depicting war and how has it influenced public perceptions Through the Crosshairs traces the genealogy of this weapon's eye view across a wide range of genres including news reports military public relations images action movies video games and social media posts As he tracks how gun camera footage has spilled from the battlefield onto the screens of everyday civilian life Roger Stahl exposes how this raw video is carefully curated and edited to promote identification with military weaponry rather than with the targeted

victims He reveals how the weaponized gaze is not only a powerful propagandistic frame but also a prime site of struggle over the representation of state violence

American Film Cycles Larry Langman, 1998-03-30 Examining 40 cycles or themes and more than 1 000 silent films the author attempts to discern how the screen reflected contemporary social political and national trends during the silent years The period has been divided into the early silent years 1900 1919 with films of one or two reels dominating for the first 15 years and the later silent period 1920 1929 known as the Golden Age of the Silents in which feature length films dominated One of the author's goals is to establish the success and sometimes the failure of these films to capture the social and political times of their release Other film books approach the dramas and comedies by genre not by specific cycles which makes this work unique The book focuses on both short works and feature length films that are generally arranged chronologically under specific chapters Each entry lists the title year of release director and original source if provided by the film The major players are often included within the plot summary and analysis Remakes and films with alternate titles are noted
