American Sublime Poems:

American Sublime Elizabeth Alexander, 2005-10 A fourth collection of poems by the author recalls over a century of African American traditions knitting together a blend of history biography personal experience pop culture and dreamscape

The American Sublime Mary Arensberg, 1986-01-01 American poetics has been radicalized in recent years by revisionist theories which replay and ground poets against their Romantic precursors Beginning with the sublime politics of Emerson and ending with women poets who renounce the authority of gender *The American Sublime* represents the various modes of recent critical thinking This collection of essays takes up the mapping of the American sublime begun by Harold Bloom Prefaced by an introduction that traces the sublime from its origins in Longinus through Kant Freud and Bloom the essays focus on central American poetic scenes These include the transparency of Emerson's vision of the sublime Whitman's passage to India Dickinson's corridors of the soul and Stevens' contemplation of death in the auroras **American Sublime**

Rob Wilson, 1991 Tracing ideas of the sublime in American literature from Puritan writings to the postmodern epoch Rob Wilson demonstrates that the North American landscape has been the ground for political as well as aesthetic transport He takes a distinctly historical approach and explores the ways in which experiences of the American landscape instill desire for other kinds of vastness self expansion national expansion and American political power As Wallace Stevens put it the American will takes dominion everywhere Wilson sets the stage for his genealogy with a discussion of the classical notion of the sublime taken primarily from Longinus and the ways that notion was pragmatically transformed by its American setting and appropriated by American poets He follows this transformation in successive chapters on the Puritans Bradstreet through the Naturalists Livingston and Bryant from the epitome of the American sublime Whitman to the greatest of the modernists Stevens and its present day incarnations Ashbery and others Writing today under the sign of Hiroshima contemporary writers must struggle with the concept of the sublime within a context of spiralling technologies and nuclear force that calls into question the long standing American sacralization of power Throughout *American Sublime* Wilson engages in an original theoretical inquiry into the sublime as term topic complex and controversial idea in literary and critical history Furthermore he undertakes his historical study from an avowedly postmodern perspective one that draws on and extends the work of Jameson Lyotard Foucault Lentricchia Harold Bloom and others **Women Poets and the**

American Sublime Joanne Feit Diehl, 1990-11-22 This is the best book on American women poets I have yet seen American Literature sophisticated and eloquently argued analysis of a female counter sublime Sandra Gilbert strong readings of Dickinson and Moore and a vital polemic on behalf of feminist criticism Harold Bloom This brilliant re evaluation of major American women poets will be indispensable reading A stunning and a magisterial achievement Susan Gubar a powerful thesis a book that is as rich as it is dense in meaning *The Women's Review of Books* Employing current work in gender studies psychoanalysis and literary criticism and focusing on Emily Dickinson Marianne Moore Elizabeth Bishop Sylvia Plath

and Adrienne Rich the author delineates an alternative tradition of American women poets what Diehl calls the American Counter Sublime **The American Sublime** Matthew Gasda,Jonathan Canel,Kelly Swope,2013-10-01 The American Sublime offers a lyrical argument for the centrality of imaginative power in contemporary life and for the restorative power of poetry itself The book expands upon the modern tradition of Hart Crane Wallace Stevens A R Ammons and John Ashbery it contends that meaning is not something that we construct from rational principles but rather that meaning is something that we recover from a deep awareness of our emotions and our memories The American Sublime is the third book in the Vitalist Series by LL Press **The Best American Poetry 2011** David Lehman,Kevin Young,2011-09-20 An anthology of contemporary poets presents works that reflect the diversity in American poetry **Robinson Jeffers and the American Sublime** Robert Zaller,2012-01-25 Robinson Jeffers and the American Sublime is the most comprehensive and most substantial critical work ever devoted to the major American poet Robinson Jeffers 1887 1962 Jeffers the best known poet of California and the American West particularly valorized the Big Sur region making it his own as Frost did New England and Faulkner Mississippi and connecting it to the wider tradition of the American sublime in Emerson Thoreau and John Muir The book also links Jeffers to a Puritan sublime in early American verse and explores his response to the Darwinian and Freudian revolutions and his engagement with modern astronomy This discussion leads to a broad consideration of Jeffers focus on the figure of Christ as emblematic of the human aspiration toward God a God whom Jeffers defines not in Christian terms but in those of an older materialist pantheism and of modern science The later sections of the book develop a conspectus of the democratic sublime that addresses American exceptionalism through the prism of Jeffers Jeffersonian ethos A final chapter places Jeffers poetic thought in the larger cosmological perspective he sought in his late works **American Poetry** ,1985

The Utopian Moment in Contemporary American Poetry Norman Finkelstein,1993 This second edition includes all of the material from the first in depth analyses of the work of such poets as George Oppen John Ashbery Robert Duncan and William Bronk as well as a new Preface and a lengthy chapter on the younger language poets [The Cambridge Companion to Nineteenth-Century American Poetry](#) Kerry C. Larson,2011-12 The first critical collection of its kind devoted solely to this subject this Companion covers both well known and lesser known poets **Analysis of Four Poems by Elizabeth Alexander** Marc Hempel,2011-03 Seminar paper from the year 2010 in the subject English Language and Literature Studies Literature grade 2 0 RWTH Aachen University Institut f r Anglistik Amerikanistik und Romanistik course Modern and Contemporary American Poetry language English abstract The current President of the United States of America Barack Obama was one of the few who in his inauguration ceremony in January 2009 had a poet read an inaugural poem This delightful tradition that had only been included by three presidents before but that in many ways supports and promotes the art of contemporary American poets was kept alive by Elizabeth Alexander one of the best known and most successful recent African American women poets Her Praise Song For The Day despite some sporadic criticism was a suitable and thoughtful

composition for this occasion and it was then that I heard for the first time of Elizabeth Alexander an African American poet Her work and background fascinated me especially because she is a contemporary and her work is so recent and still going on Therefore I decided to examine four of her poems in the term paper at hand Emancipation Ars Poetica 28 African Leave Taking Disorder Race and Ars Poetica 92 Marcus Garvey on Elocution During my research I had to learn that sadly there is a significant lack of research and literature on this and other contemporary authors and therefore this term paper largely consists of my own findings regarding the poems Due to the reason that her personal background and her life have influenced the poems to a notable extent I will start off with a short biographical section on Elizabeth Alexander herself and point out further biographical traits while interpreting the poems in their respective chapters I will finally summarize my findings and present my personal conclusion as regards her way of tackling her topics and her art of writing

Luminous Traversing Jacek Gutorow, 2012 As Wallace Stevens once wrote a poem should be part of one's sense of life This book provides a record of readerly and critical explorations of the poems and life of the American poet The author reads Stevens's poems in the context of both the existing critical works and the commentaries provided by the poet himself essays letters occasional notes and posthumous texts and aims to prove that his artistic development was informed by two contradictory existential projects teleological based on Stevens's assumption of a higher self which in its turn helps to illuminate the meaning and dynamics of the actual existence and critical appearing at the very moment when one questions his or her identity and assumes life to be an open and unfinished process
