The Pirandellian Mode in Spanish Literature from Cervantes to Sastre Wilma Newberry, 1973-01-01 Examines Spanish literature through Pirandellian eyes      **Textual Conspiracies** James Martel, 2011-07-20 Engaging political and literary luminaries in an alternative narrative about power      **'Other' Spanish Theatres** Maria M. Delgado, 2003-11-08 Other Spanish Theatres challenges established opinions on modern Iberian theatre through a consideration of the roles of contrasting figures and companies who have impacted upon both the practice and the perception of Spanish and European stages In this broad and detailed study Delgado selects six subjects which map out alternative readings of a nation's theatrical innovation through the last century These six subjects include Margarita Xirgu Enrique Rambal Mar a Casares and Nuria Espert      Love, Desire and Identity in the Theatre of Federico García Lorca Paul McDermid, 2007 Physical desire and metaphysical love in the theatre of Federico García Lorca A dialectical tension between physical desire and metaphysical love lies at the heart of the theatre works of Federico García Lorca and the deployment of queer theory's critique of gender and identity is surprisingly effective in this discussion of love versus desire Seldom is enough attention paid to the poet's early works and so this book offers a timely review of the religious tragedy *Cristo* as well as *Mariana Pineda* uncovering in these early offerings an explicit proposal of the supremacy of love over desire A meditation on the fragmentary and challenging *El p blico* yields a vivid panorama of identity in crisis and a paradigmatic Lorcan sacrifice of self for love The ostensibly more conventional tragedies of *Amor de Don Perlimpl n con Belisa en su jard n* and *Yerma* are also reassessed in terms of self sacrifice and self love The study concludes with an argument for a practical re-reading of *La casa de Bernarda Alba* which emphasises how the play might be saved from puffed realism with music humour and drag performance PAUL McDERMID lectures in Spanish at Queen's University Belfast      **Golden Age Spanish Literature** J. E. Varey, 1991      García Lorca at the Edge of Surrealism David F. Richter, 2014-10-15 García Lorca at the Edge of Surrealism The Aesthetics of Anguish examines the variations of surrealism and surrealist theories in the Spanish context studied through the poetry drama and drawings of Federico García Lorca 1898-1936 In contrast to the idealist and subconscious tenets espoused by surrealist leader André Breton which focus on the marvelous automatic creative processes and sublimated depictions of reality Lorca's surrealist impulse follows a trajectory more in line with the theories of French intellectuals such as Georges Bataille 1897-1962 who was expelled from Breton's authoritative group Bataille critiques the lofty goals and ideals of Bretonian surrealism in the pages of the cultural and anthropological review *Documents* 1929-1930 in terms of a dissident surrealist ethno-poetics This brand of the surreal underscores the prevalence of the bleak or darker aspects of reality crisis primitive sacrifice the death drive and the violent representation of existence portrayed through formless base matter such as blood excrement and fragmented bodies The present study demonstrates that Bataille's theoretical and poetic expositions including those dealing with the formless and the somber emptiness of the void engage the trauma and anxiety of surrealist expression in

Spain particularly with reference to the anguish desire and death that figure so prominently in Spanish texts of the 1920s and 1930s often qualified as surrealist Drawing extensively on the theoretical cultural and poetic texts of the period Garc a Lorca at the Edge of Surrealism offers the first book length consideration of Bataille s thinking within the Spanish context examined through the work of Lorca a singular proponent of what is here referred to as a dissident Spanish surrealism By reading Lorca s surrealist texts including Poetaen Nueva York Viaje a la luna and El p blico through the Bataillean lens this volume both amplifies our understanding of the poetry and drama of one of the most important Spanish writers of the twentieth century and expands our perspective of what surrealism in Spain means Pierrot/Lorca Emilio Peral Vega,2015 Examines the importance of Pierrot as an image of marginality and failure and a symbol of hidden sexuality in Garc a Lorca s imagery and literary and personal life **Spanish Plays in English Translation** Robert O'Brien,1963 **Issues in Teaching and Education Policy, Research, and Special Topics: 2011 Edition** ,2012-01-09 Issues in Teaching and Education Policy Research and Special Topics 2011 Edition is a ScholarlyEditions eBook that delivers timely authoritative and comprehensive information about Teaching and Education Policy Research and Special Topics The editors have built Issues in Teaching and Education Policy Research and Special Topics 2011 Edition on the vast information databases of ScholarlyNews You can expect the information about Teaching and Education Policy Research and Special Topics in this eBook to be deeper than what you can access anywhere else as well as consistently reliable authoritative informed and relevant The content of Issues in Teaching and Education Policy Research and Special Topics 2011 Edition has been produced by the world s leading scientists engineers analysts research institutions and companies All of the content is from peer reviewed sources and all of it is written assembled and edited by the editors at ScholarlyEditions and available exclusively from us You now have a source you can cite with authority confidence and credibility More information is available at <http://www.ScholarlyEditions.com> **Censorship** Derek Jones,2001-12-01 Censorship A World Encyclopedia presents a comprehensive view of censorship from Ancient Egypt to those modern societies that claim to have abolished the practice For each country in the world the history of censorship is described and placed in context and the media censored are examined art cyberspace literature music the press popular culture radio television and the theatre not to mention the censorship of language the most fundamental censorship of all Also included are surveys of major controversies and chronicles of resistance Censorship will be an essential reference work for students of the many subjects touched by censorship and for all those who are interested in the history of and contemporary fate of freedom of expression *Spanish Cultural Index* Spain.
