The American College in Relation to Liberal Education (Classic Reprint) David Jayne Hill,2015-07-06 Excerpt from The American College in Relation to Liberal Education The University of Rochester had its beginning in a liberal and progressive apprehension of educational needs It was distinctly seen by its founders that an

atmosphere of human activity and social refinement is needed to stimulate intellectual culture and invigorate moral character and accordingly this beautiful and prosperous city which has since become even more conspicuously a centre of elevating influences was chosen as its seat Far enough West to feel the thrill of enterprise and to share in the optimistic hopes of Western life without being subject to its provincialisms far enough East to enjoy the benefits of our oldest American civilization without being influenced by its archaic customs and colonial traditions Rochester on the principal highway between the great lakes and the Atlantic satisfies all the conditions of an ideal university town The company of men who have shaped the destinies of this institution was originally formed by the selective power of a common conviction that a great opportunity creates a great obligation and the corporation has since been recruited from among those who shared in this conviction The not inconsiderable resources which years of generosity and prudence have accumulated are mainly the continued tokens of the satisfaction and perseverance with which the fathers of the enterprise themselves and their colleagues in munificence have regarded their undertaking About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
