Justine Ezarik has been tech obsessed since unboxing her family's first Apple computer. By sixth grade she had built her first website. A decade later she became one of the Internet's first and most popular lifecasters inviting people around the world to watch her every move twenty four hours a day seven days a week. But it was a one minute video about an itemized AT T bill that gave Justine her first taste of viral success. Within ten days of release her 300 page iPhone bill had garnered more than 3 million views and international media attention. These days iJustine is a one woman new media phenomenon. The popular techie gamer vlogger and digital influencer has an army of nearly 3.5 million subscribers across multiple YouTube channels with total views approaching half a billion. Now Justine is giving friends and fans a look behind the scenes sharing never before told stories about the hilarious and sometimes heartbreaking reality of sharing your life online. With her trademark wit and delightfully weird sense of humor Justine delivers an inspirational message in support of creativity entrepreneurship and the power of staying true to yourself while reminding readers that the Internet is a very small world you just never know who you're going to meet.

72 Unconventional Ways to Save Money Nick Johnson, 2012-02-25 What if I told you that your child could make phone calls and text without paying for a cell phone plan. Did you know that you could save 50% on your next flight. All financial saving books and speakers have one thing in common as they want you to save your money for later in life. My belief is that with certain disciplines you can save for the future while also enjoying the luxuries of the present. This book will guide you in how to keep the same spending habits but provide you with ways to save on what you buy while teaching you how to buy. I am assured that you have heard some of the techniques in this book but I believe that there are a few that you'll find new and highly beneficial. Anyone can cut costs by not spending money on the things they want but what fun is that. Employ a few of these tips into your yearly spending and enjoy the financial freedom to live the way you want within the budget you already have.
