Feminist Activism in the Supreme Court Christopher P. Manfredi, 2004 Since 1980 the Canadian women s movement has been an active participant in consitutional politics and Charter litigation This book through its focus on the Women s Legal Education and Action Fund LEAF presents a compelling examination of how Canadian feminists became key actors in developing the constitutional doctrine of equality and how they mobilized that doctrine to support the movement s

policy agenda The case of LEAF an organization that has as its goal the use of Charter litigation to influence legal rules and public policy provides rich ground for Christopher Manfredi's keen analysis of legal mobilization In a multitude of areas such as abortion pornography sexual assault family law and gay and lesbian rights LEAF has intervened before the Supreme Court to bring its understanding of equality to bear on legal policy development This study offers a deft examination of LEAF's arguments and seeks to understand how they affected the Court's consideration of the issues Perhaps most important it also contemplates the long term effects of the mobilization and considers the social impact of the legal doctrine that has emerged from LEAF cases A major contribution to law and society studies Feminist Activism in the Supreme Court is unparalleled in its analysis of legal mobilization as an effective strategy for social movements It will be widely read and welcomed by legal scholars political scientists lawyers feminists and activists *Advocacy Groups* Lisa Young, Joanna Everitt, 2011-11-01

Seventy percent of Canadians think that advocacy groups are a better vehicle for change than political parties however people involved in these groups are actually more involved in traditional political circles and party politics This volume looks at who participates in these groups which kinds of groups dominate the political agenda what influence lobbying has on the government and how exactly to make advocacy groups a more vibrant and accountable part of political life in this country *Advocacy Groups* uses the Audit standards of responsiveness inclusiveness and participation to examine advocacy groups in Canada and assess the ways that they contribute to or detract from Canadian democracy It argues that group activity represents an important form of political participation Though some interests face greater organizational challenges than others advocacy groups can play critical compensatory roles for interests that are often unrepresented in traditional political institutions It also finds that while Canadian advocacy groups employ a wide range of strategies to draw attention to their concerns those with greater financial resources generally have greater access to government decision makers This has been accentuated by recent trends in the reduction of government funding to advocacy groups The book concludes with several recommendations for best practices that groups can follow in their internal organization and efforts to influence public policy as well as for actions that governments can take to engage in constructive consultation with groups *Insiders and Outsiders* Gerald Kernerman, Philip Resnick, 2005 *Insiders and Outsiders* celebrates the work of Alan Cairns one of the most influential Canadian social scientists of the contemporary period Few scholars have helped shape so many key debates in such a wide range of topics in Canadian politics from the electoral system and federalism to constitutional and Charter politics to questions of Aboriginal citizenship This volume contains engaging and critical analyses of Cairns' contributions by a diverse group of scholars political scientists legal scholars historians and policymakers many of them leaders in their own fields It includes assessments of his role as a public intellectual his interpretation of Canada's electoral system his views on federalism and on Canadian unity his approach to Aboriginal non-Aboriginal relations and his writings on citizenship and diversity The book will be of particular interest to students and scholars of Canadian politics history and society especially

those examining issues such as the Charter of Rights Aboriginal politics federalism multiculturalism political institutions and political change It should also be of interest to a larger public that follows the Canadian political scene and that shares Cairns concerns with broad questions of citizenship diversity and national unity *Women's Studies* Linda Krikos, Cindy Ingold, 2004-08-30 This truly monumental work maps the literature of women s studies covering thousands of titles and Web sites in 19 subject areas published between 1985 and 1999 Intended as a reference and collection development tool this bibliography provides a guide for women s studies information for each title along with a detailed often evaluative review The annotations summarize each work s content its importance or contribution to women s studies and its relationship to other titles on the subject Core titles and titles that are out of print are noted and reviews indicate which titles are appropriate as texts or supplemental texts This definitive guide to the literature of women s studies is a must purchase for academic libraries that support women s studies programs and it is a useful addition to any academic or public library that endeavors to represent the field A team of subject specialists has taken on the immense task of documenting publications in the area of women s studies in the last decades of the 20th century The result is this truly monumental work which maps the field covering thousands of titles and Web sites in 19 subject areas published between 1985 and 1999 Intended as a reference and collection development tool this bibliography provides a guide for women s studies information for each title along with a detailed often evaluative review The annotations summarize each work s content its importance or contribution to women s studies and its relationship to other titles on the subject Most reviews cite and describe similar and contrasting titles substantially extending the coverage Core titles and titles that are out of print are noted and reviews indicate which titles are appropriate as texts or supplemental texts Taking up where the previous volume by Loeb Searing and Stineman left off this is the definitive guide to the literature of women s studies It is a must purchase for academic libraries that support women s studies programs and a welcome addition to any academic or public library that endeavors to represent the field The Politics of Pragmatism Alexandra Zorianna Dobrowolsky, 2000 This vital new work documents the constitutional struggles of leading feminist organizations in Canada It examines the complexities of women s constitutional organizing by assessing various feminist organizations strategies and tactics over time In doing so the book highlights some representation struggles of the women s movement as it crosses and recrosses representational boundaries **Canadian Politics in the 21st Century** Michael S.
