Literacy Workbook For Graphic Design and Fine Art Students provides a detailed approach to understanding visual imagery. The text presents a wide range of fine art graphic and digital examples and is divided into two major parts: visual form and visual content. As students cover new material in the workbook, concepts are reinforced and synthesized, resulting in a comprehensive understanding of form and content. Upon completion of the text, students are well prepared to participate in the design process and further interpret visual content.

Handbook of Child Psychology, Cognition, Perception, and Language William Damon, Richard M. Lerner, Deanna Kuhn, Robert S. Siegler, 2006-05-11. Part of the authoritative four-volume reference that spans the entire field of child development and has set the standard against which all other scholarly references are compared. Updated and revised to reflect the new developments in the field, the Handbook of Child Psychology, Sixth Edition, contains new chapters on such topics as spirituality, social understanding, and non-verbal communication.

Volume 2: Cognition, Perception, and Language, edited by Deanna Kuhn, Columbia University and Robert S. Siegler, Carnegie Mellon University, covers mechanisms of cognitive and perceptual development in language acquisition. It includes new chapters devoted to neural bases of cognition, motor development, grammar, and language rules, information processing, and problem-solving skills.

Children's Understanding and Production of Pictures, Drawings & Art Constance Milbrath, 2008. This book presents an innovative approach to the psychological study of children's pictures, drawings, and art. With contributions from leading experts in the field, it compiles all the relevant theory and research on children's developing conceptions of pictures, drawings, and art. It is the first book to focus explicitly on children's knowledge and judgment of pictorial representations, including the understanding of their role as artist and viewer.
