Basil Doliveira Cricket And Conspiracy The Untold Story:

Basil D'Oliveira Peter Osborne, 2005 There have been innumerable biographies of cricketers Peter Osborne's outstanding biography of Basil D Oliveira is something else It brings together sport politics and race It is the story of how a black South African defied incredible odds and came to play cricket for England of how a single man escaped from apartheid and came to fulfil his prodigious sporting potential It is a story of the conquest of racial prejudice both in South Africa and in the heart of the English sporting establishment The story comes to its climax in the so called D Oliveira Affair of 1968 when John Vorster the South African Prime Minister banned the touring MCC side because of the inclusion of a black man This episode marked the start of the twenty year sporting isolation of South Africa that ended only with the collapse of apartheid itself Basil D'Oliveira Peter Osborne, 2005 There have been innumerable biographies of cricketers Peter Osborne's outstanding biography of Basil D Oliveira is something else It brings together sport politics and race It is the story of how a black South African defied incredible odds and came to play cricket for England of how a single man escaped from apartheid and came to fulfil his prodigious sporting potential It is a story of the conquest of racial prejudice both in South Africa and in the heart of the English sporting establishment The story comes to its climax in the so called D Oliveira Affair of 1968 when John Vorster the South African Prime Minister banned the touring MCC side because of the inclusion of a black man This episode marked the start of the twenty year sporting isolation of South Africa that ended only with the collapse of apartheid itself **Cricket's 50 Most Important Moments** Tim Evershed, 2023-10-09 Cricket's Fifty Most Important Moments charts the sport's long colourful and sometimes controversial history delving into its most significant moments on and off the cricket field Tracing the sport's development from its early days in the 18th century through to the modern era the book journeys through more than 275 years of intriguing events It explores how players teams and other remarkable individuals have shaped the game It also assesses the famous matches tactical changes new laws and other innovations that have punctuated cricket from its infancy to the present day From the early teams based in sleepy English villages through to international cricket and the modern franchise game played for a global television audience from the start of first class cricket and the birth of the Ashes and Test cricket to World Cups and the phenomenon of T20 cricket this book showcases the key moments matches and controversies that have come to define the sport *Cricket and Society in South Africa, 1910-1971* Bruce Murray, Richard Parry, Jonty Winch, 2018-09-01 This book explores how cricket in South Africa was shaped by society and society by cricket It demonstrates the centrality of cricket in the evolving relationship between culture sport and politics starting with South Africa as the beating heart of the imperial project and ending with the country as an international pariah The contributors explore the tensions between fragmentation and unity on and off the pitch in the context of the racist ideology of empire its arrested development and the reliance of South Africa on a racially based exploitative labour system This edited collection uncovers the hidden history of cricket society and empire in defining a multiplicity of South African identities and recognises

the achievements of forgotten players and their impact *The Spirit of the Game* Mihir Bose, 2012-01-19 The spirit of the game was first nurtured on the playing fields of the English public school and in the pages of Tom Brown's Schooldays this Corinthian spirit was then exported around the world The competitive spirit the importance of fairness the nobility of the gifted amateur seemed to sum up everything that was good about Britishness and the games they played Today sport is dominated by corruption money celebrity and players who are willing to dive in the box if it wins them a penalty Yet we still believe and talk about the game as if it had a higher moral purpose Since the age of Thomas Arnold Sport has been used to glorify dictatorships and was at the heart of cold war diplomacy Prime Ministers princes and presidents will do whatever they can to ensure that their country holds a major sporting tournament Nelson Mandela saw the victory of the Rugby World Cup as essential to his hopes for the Rainbow Nation Mihir Bose has lived his life around sport and in this book he tells the story of how Sport has lost its original spirit and how it has emerged in the 20th century to become the most powerful political tool in the world With examples and stories from around the world including how the sport hating Thomas Arnold became an icon how a German manufacturer gave Jessie Owens a pair of shoes at the Berlin games of 1936 and went on to dominate the world of sport how India stole cricket from the ICC how an Essex car dealer became the most powerful man in Formula 1 and who really sold football out Praise for Mihir Bose Mihir Bose is India's CLR James Simon Barnes The Times Mihir's insider knowledge is unsurpassed David Welch His Olympic contacts are second to none He knows everybody Sue Mott

Britain's Experience of Empire in the Twentieth Century Andrew Thompson, 2011-12-08 Written by specialists from various fields this edited volume is the first systematic investigation of the impact of imperialism on twentieth century Britain The contributors explore different aspects of Britain's imperial experience as the empire weathered the storms of the two world wars was subsequently dismantled and then apparently was gone How widely was the empire's presence felt in British culture and society What was the place of imperial questions in British party politics Was Britain's status as a global power enhanced or underpinned by the existence of its empire What was the relation of Britain's empire to national identities within the United Kingdom The chapters range widely from social attitudes to empire and the place of the colonies in the public imagination to the implications of imperialism for demography trade party politics and political culture government and foreign policy the churches and civil society and the armed forces The volume also addresses the fascinating yet complex question of how after the formal end of empire the colonial past has continued to impinge upon our post colonial present as contributors reflect upon the diverse ways in which the legacies of empire are interpreted and debated in Britain today

British Sporting Relations with Apartheid South Africa Matthew P. Llewellyn, Toby C. Rider, 2024-11-25 The transnational anti apartheid sport boycott of South Africa represented the most prominent extended and controversial anti racism campaign in the history of sport Spearheaded by prominent British religious and anti colonial figures and exiled South Africans emboldened by communist and Global South support and legitimised by supranational political bodies such as the

United Nations the Organisation of African Unity and the Commonwealth the sport boycott helped propel anti apartheid out of relative obscurity and struck at the very heart of a cultural practice that served an explicitly ideological function in Afrikaner society Britain held a dichotomous even paradoxical role as both prosecutor and defender of white South Africa This book utilises sport as a critical lens for understanding the dynamics and dichotomies of British attitudes towards the apartheid regime Debates over whether to continue or to cut sporting links with apartheid South Africa proved bitterly divisive The considerable weight the subject carried and the degree to which it saturated British political and social discourse for four decades speaks to its impact and importance British Sporting Relations with Apartheid South Africa represents the first archival based historical examination of Britain s sporting relations with South Africa throughout the apartheid era 1948 1994 Situating the analysis within the shifting multiracial and multicultural landscapes of postcolonial Britain and within global political cultural sporting and ideological debates the authors trace the origins and evolution of the transnational sport boycott and examine what inspired Britons to energise anti apartheid sport campaigns and in contrast what drove many others to vehemently oppose them at every turn

Pitch Battles Peter Hain, Andre Odendaal, 2021-09-01 There will be a black Springbok over my dead body Dr Danie Craven President of the South African Rugby Board 1969 Just a year after the controversial D Oliveira affair the organised disruption of the all white 1969 70 South African rugby and cricket tours to Britain represented a significant challenge to apartheid politics Led by future cabinet minister Peter Hain the Stop the Seventy Tour campaign brought about the cancellation of both tours presaging white South Africa s expulsion from the Olympics and the end of apartheid sport altogether With his brand of attention grabbing direct action sports protest the 19 year old Hain emerged as a hero to some and enemy to others Now reflecting on these experiences with fifty years of hindsight Lord Hain together with South Africa s foremost sports historian and fellow anti apartheid activist Andr Odendaal shows how decades of relentless international and domestic campaigning for equality led to a Springbok team captained by black athlete Siya Kolisi winning the 2019 Rugby World Cup Interspersing a wide range of examples with personal testimony Pitch Battles explores the themes of sport globalisation and resistance from the deep past to the present day Published in the same year as the Stop The Tour documentary from acclaimed director Louis Myles this compelling story of sacrifice struggle and triumph reveals how sport should never be divorced from politics or society s values

Empire & Cricket Abebe Zegeye, Maurice Taonezvi Vambe, 2009 European and African works have found it difficult to move past the image of Africa as a place of exotica and relentless brutality This book explores the status and critical relationship between politics culture literary creativity criticism education and publishing in the context of promoting Africa s indigenous knowledge and seeks to recover some of the sites where Africans continue to elaborate conflicting politics of self affirmations It both acknowledges and steps outside the protocols of analysis informed by

Tribune for Victory and Socialism ,2004 **New Statesman** ,2004 **Caught Behind** Bruce K. Murray, Christopher Merrett, 2004 Caught Behind chronicles the events and political

intrigue that led to South Africa's cricket isolation in the apartheid era and its eventual readmission and throws new light on the role of black cricket and black cricketers in South Africa who until recently were omitted from the country's sporting history
