**Metal Detectors** Hertfordshire (England). County Council, 1979      **Taking a Closer Look at Metal Detector Discrimination** Robert C. Brockett, 1997      **Los Detectores De Metales En Áreas Históricas** José Antonio Agraz Sandoval, 2012-08-07 Este es un libro manual que intenta enfocar el uso del detector de metales en lugares antiguos con un pasado histórico donde el hombre vivió por más tiempo. No es un libro técnico especializado en los detectores de metales, pero se expone una semblanza de las tecnologías modernas para la localización de los metales, reliquias, tesoros y riquezas perdidas. Ofrece una guía para encontrar metales enterrados usando una desconocida pero innovadora varilla de radiestesia llamada la varilla vertical desarrollada por el autor mismo, que se sostiene con ambas manos dando más sensibilidad que las varillas en L y el péndulo usados en la Radiestesia. Este además es un libro bilingüe que intenta promover la historia y tecnología del detector de metales desarrollada en los Estados Unidos para transmitirla a los aficionados y buscadores de metales valiosos de habla hispana. This is a book manual that attempts to focus the use of metal detector in old places with a past where men lived longer, not a technical book that specializes in metal detectors but draws a portrait of the technologies modern location of metals, relics, treasures and lost riches. Provides a guide to find buried metals using an unknown but innovative dowsing rod called the vertical rod developed by the author, it is held with both hands giving greater sensitivity than the rods in L and the pendulum used in Dowsing. This also is a bilingual book that seeks to promote the history and technology of metal detector developed in the United States of America to transmit to the fans and seekers of precious metals for speakers of Spanish.

[Users' Guide for Hand-held and Walk-through Metal Detectors](#) Nicholas G. Paultre (Jr.), 2001      [Instruction Manual for Electrical Crevasse Detector. Engineering Test Model \(experimental\) No. 2A for Antarctic Use by Task Force 43, US Navy](#)  
John C. Cook, 1957      **The Metal Detector Book** Andrew Palmer, 2011-03-30 Find one of the treasures that hit the headlines. Revised, enlarged and newly illustrated with photographs, the classic guide to treasure hunting with a metal

detector Sixteen chapters of practical advice and theory covering hoard hunting coins shooting site research gaining search permission Britain's Treasure Act and the lessons of history Originally written for UK detectorists but now has a greater readership in the US **Modern Metal Detectors** Charles L. Garrett, 1985-04-01 This book has been extremely useful to me in understanding all there is to know about metal detectors To a beginner this is absolute required reading and for the experienced detectionist it is still of profound value because of the advice that it gives This book helped me purchase the right metal detector and following its advice paid for the book the first time I went out metal detecting after reading it If you are only going to have only two or three books in your personal metal detecting library this one should be one of those two or three Happy Hunting **Treasure Hunting with Metal Detectors** Gerry Edwards, 2007-03 Metal detecting has opened a

whole new vista for the treasure hunter With these tools a treasure hunter can find what the old hunters had missed and could not find Various methods of recovery are covered in Gerry Edwards's book including the cleaning and preserving of your valuable finds In depth research on how to use a metal detector in the recovery of treasure are covered in this book Tried and true methods of the author are revealed with his results as a testament on how to recover what the old timers missed

**Metal Detecting for the Beginner** Vince Migliore, 2010 Metal Detecting for the Beginner 2nd Edition is an expanded version of the original best selling book on metal detecting We've added more pages more photographs and a vastly enhanced discussion of using the Internet to compliment your treasure hunting The book includes a thorough explanation of crucial concepts for the beginner such as Discrimination and Target ID Resources include a list of manufacturers hobby related web sites and step by step instructions for using the Internet for planning and research **A**
