 SERIAL No. _____

Loadall Excavator 4300 Q® Operator's Manual

CAUTIONS

Preparation of Manual

Serial number stamped on side of the excavator arm frame is the basis of 1 reference to cover capacity, limits, defects, and other representative items.

MACHINE SERIAL NUMBER

The machine serial number is stamped on the serial number plate which is located inside the operator's cab. The serial number should always be furnished when ordering parts for the machine or when corresponding with the distributor or factory concerning the machine. Providing the serial number is the only way of ensuring the correct parts and/or information can be furnished.

In the event the serial number plate is not readable, a number is stamped on the upper working frame which can be used to identify the machine. The number is stamped just below the lower boom cylinder mounting legs.

Operator's Manual

Machine Serial Number

The serial number is stamped on the machine identification plate. The machine identification plate is located in the operator's cab on the right side and beside the right controls. The machine serial number should always be furnished when ordering parts for the machine, or when corresponding with the distributor or factory regarding the machine. The serial number is the only method the distributor or factory has of ensuring that the correct parts will be furnished.

In the event the serial number can not be found on the machine identification plate, a number is stamped below the lower boom cylinder mounting legs on the upper frame. The number can then be used to identify the machine.
