aim is to bridge this gap He provides a substantial overview of the central issues and themes in Old Testament theology in the main body of the text with more detailed discussion and references for further reading in the footnotes His purpose is to examine the theological significance of the various texts in their wider canonical context noting unity and coherence within the Old Testament and to some extent between the Old and New Testaments whilst also being aware of diversity A brief outline of the relationship between exegesis and biblical theology within the overall task of interpreting and applying biblical material is given in the first chapter His hope as a Christian minister is that while this volume has grown out of a teaching context and is intended for students it will also be of benefit to others who want to take the theological content of the Old Testament seriously and to apply its message to the life and ministry of the church today The Chicago Theological Seminary Register Chicago Theological Seminary,1930 Alumni directory issue 1859 1951 v 44 no 4 v 45 no 1 **Anglican Theological Review** ,1918 A New Testament bibliography for 1914 to 1917 inclusive by Frederick C Grant v 1 p 58 91
