Kaliappan, T., Mothilal, 2024-07-23 In the field of engineering optimization and decision making have become pivotal concerns
The ever increasing demand for data processing has given rise to issues such as extended processing times and escalated
memory utilization posing formidable obstacles across various engineering domains Problems persist requiring not only
solutions but advancements beyond existing best practices Creating and implementing novel heuristic algorithms is a time
intensive process yet the imperative to do so remains strong driven by the potential to significantly lower computational costs
even with marginal improvements This book titled *Metaheuristics Algorithm and Optimization of Engineering and Complex*
Systems is a beacon of innovation in this context It examines the critical need for inventive algorithmic solutions exploring
hyperheuristic approaches that offer solutions such as automating search spaces through integrated heuristics Designed to
