Fast Ideas for Busy Teachers: Language Arts, Grade 4 McFadden, 2009-01-04

Add extra literacy to everyday teaching. *Fast Ideas for Busy Teachers: Language Arts* has hundreds of ideas that will fit into a hectic schedule and enliven every aspect of fourth grade language arts instruction. The book includes lessons for comprehension, expressive reading, listening, writing, word usage, capitalization, and punctuation. It also includes tips for managing a classroom, getting organized, getting to know students, and implementing behavior management. This 80 page book includes reproducibles and aligns with Common Core State Standards as well as state and national standards.

Patterns of Power, Grades 1-5 Jeff Anderson, Whitney La Rocca, 2017 Jeff Anderson and literacy coach Whitney La Rocca take you into primary and intermediate classrooms where students are curious about language and engage with the world around them and notice and experiment with the conventions all writers use. Instead of chanting grammar rules or completing countless convention worksheets, we invite young writers to explore conventions as special effects devices that activate meaning. Our students study authentic texts and come to recognize these patterns of power, the essential grammar conventions that readers and writers require to make meaning. The first part of the book introduces a vibrant approach to grammar instruction and sets up what you need to immerse yourself in the Patterns of Power process, inviting students to experiment and play with language. The second part of the book offers over seventy practical, ready-to-use lessons, including Extensive support materials. Over 100 mentor sentences curated for grades 1-5. Student work samples, Tips and power notes to facilitate your own knowledge and learning. Examples for application. In *Patterns of Power*, Jeff and Whitney suggest that taking just five minutes from your reading workshop and five minutes from your writing workshop to focus on how the conventions connect reading and writing will miraculously affect your students' understanding of how language works for readers and writers.

IEP Goal Writing for Speech-Language Pathologists Lydia Kopel, Elissa Kilduff, 2020-06-15 *IEP Goal Writing for Speech Language Pathologists* Utilizing State Standards Second Edition familiarizes the speech language pathologist SLP with specific Early Learning Standards ELS and Common Core State Standards CCSS as well as the speech

language skills necessary for students to be successful with the school curriculum. It also describes how to write defensible Individualized Education Plan (IEP) goals that are related to the ELS and CCSS. SLPs work through a set of steps to determine a student's speech language needs. First, an SLP needs to determine what speech language skills are necessary for mastery of specific standards. Then the SLP determines what prerequisite skills are involved for each targeted speech language skill. Finally, there is a determination of which Steps to Mastery need to be followed. It is through this process that an SLP and team of professionals can appropriately develop interventions and an effective IEP. The text takes an in-depth look at the following speech language areas: vocabulary, questions, narrative skills, summarize, compare and contrast, main idea and details, critical thinking, pragmatics, syntax and morphology, and articulation and phonological processes. These areas were selected because they are the most commonly addressed skills of intervention for students aged 3 to 21 with all levels of functioning. For each listed area, the text analyzes the prerequisite skills and the corresponding Steps to Mastery. It provides a unique step by step process for transforming the Steps to Mastery into defensible IEP goals. The key is to remember that the goal must be understandable, doable, measurable, and achievable. This text provides clear guidelines of quantifiable building blocks to achieve specific goals defined by the student's IEP. School-based SLPs are instrumental in helping students develop speech and language skills essential for mastery of the curriculum and standards. All SLPs working with school-aged children in public schools, private practice, or outpatient clinics will benefit from the information in this text.

New to the Second Edition:

- Ten Speech and Language Checklists for determining speech and language needs of an individual 3-21 years of age, as well as measuring progress.
- Material on measuring progress, including five performance updates.
- Goal writing case studies for four students of different ages and skill levels.
- A thoroughly updated chapter on writing goals with up-to-date examples.
- Revised Prerequisite Skills and Steps to Mastery to reflect the current state of research.
- Expanded focus on evidence-based practice.
