Bulfinch's Mythology Leather Bound Classics:

Bulfinch's Mythology Bulfinch, Thomas, 2017-06-02 Bulfinch's Mythology is a collection of general audience works by Latinist and banker Thomas Bulfinch named after him and published after his death in 1867. The work was a highly successful popularization of Greek mythology for English speaking readers. The book is a prose recounting of myths and stories from three eras: Greek and Roman mythology, King Arthur legends, and medieval romances. Bulfinch intersperses the stories with his own commentary and with quotations from writings by his contemporaries that refer to the story under discussion. Bulfinch expressly intended his work for the general reader. In the preface to *The Age of Fable* he states: "Our work is not for the learned nor for the theologian nor for the philosopher but for the reader of English literature of either sex who wishes to comprehend the allusions so frequently made by public speakers, lecturers, essayists, and poets and those which occur in polite conversation." **B&N Bulfinch's Mythology Leather** Thomas Bulfinch, 2013

One of the leading popularisers of classical learning in the nineteenth century, Thomas Bulfinch made the myths and legends of the ancient and medieval world available to American audiences through his three decisive works: *The Age of Fable*, *The Age of Chivalry*, and *Legends of Charlemagne*, collectively published and widely known as *Bulfinch's Mythology*. This deluxe leatherbound gift edition contains not only the full text of Bulfinch's definitive works but also dozens of colour illustrations and paintings. A banking clerk by day, Bulfinch spent his nights skillfully weaving often disparate versions of classical and medieval mythology into a coherent whole. The thoroughness with which he combed through his sources made his mythological books standard reference guides for many years, while the vigor of his storytelling enthralled generations of readers. Written to teach mythology not as a study but as a relaxation from study, these timeless volumes span the ages.

Bulfinch's Mythology Thomas Bulfinch, 2015-05-20 If no other knowledge deserves to be called useful but that which helps to enlarge our possessions or to raise our station in society, then Mythology has no claim to the appellation. But if that which tends to make us happier and better can be called useful, then we claim that epithet for our subject. For Mythology is the handmaid of literature and literature is one of the best allies of virtue and promoters of happiness. **Bulfinch's Mythology: Stories of Gods and Heroes** Thomas

Bulfinch, 2015-10-01 An easily understood reference guide to the deities of Greek and Roman mythology. *Stories of Gods and Heroes*, originally published in 1855, is the first of three works that make up *Bulfinch's Mythology* by Thomas Bulfinch. A useful and concise guide to the gods and goddesses of Greek and Roman mythology, this text was used in history classrooms for over a century. Bulfinch's writing is an attempt to expand the enjoyment of classic literature for the common reader, explaining the allusions made to mythology in so many other titles of the day.
