Salome,2010-04-13 This memoir by an American journalist explores how entrenched notions of self family and tribalism dictate human behavior in our modern world Salome s work as a foreign correspondent reporting from such places as Belfast Kabul Bosnia and Somalia provided him with a unique perspective on the role nationalism and tribalism play in conflicts around the globe While sweeping in its scope the work bears witness to one man s examination of his familial roots and ethnicity and the ways in which tribalism is found lurking under his own roof Includes 26 photographs as well as maps to familiarize readers with some of the world s most misunderstood and volatile regions      **The Bloodline System** TimVic,2021-03-31 Webnovel provides the latest update of The Bloodline System In a future timeline the earth was visited by a species known as the Slarkovs Having lost their home planet and in search of a new one earth was the next habitable planet for them Humans and Slarkovs made a deal with each other in return for the Slarkovs living on earth The Slarkovs traded their technology and knowledge for a new home They were similar to humans except for some of them who had slight differences so fitting into the society wasn t a problem Over the years Slarkovs and humans began to mate with one another and reproduce offsprings This in turn created a new species known as the mixed blood Centuries later mixedbloods could tap into their bloodline and perform unimaginable feats Gustav born into an age where bloodline determines everything struggles to fit with a useless bloodline His bloodline only grants him the ability to
