Generosity John D. Garr, 2014-05-14 Generosity The Righteous Path to Divine Blessing answers the question of why so many Christians cheat themselves out of God's blessing on their lives by being so stingy with their money Why is it that the average Christian gives less than 3% of his income to religious and humanitarian causes Why is it that the average Jewish person gives more than twice as much of his financial increase to charity as the average Christian does The answers will probably surprise and may well shock you God has set out a righteous path to divine blessing that anyone can walk This is the narrow way of generosity the gift of giving that every Christian should manifest continually It's really quite simple when you choose to do what Jesus said Give and you shall receive Here are some of the challenging and inspiring truths that Generosity The Righteous Path to Divine Blessing will confirm for you The Motive for Generosity The Medium of Generosity Treasure in the Bank of Heaven Wealth and the Kingdom of God Poverty Gospel Prosperity Gospel The Blessing of Health and Prosperity As you read this volume you will be reconnected with the Hebraic foundations of the Christian faith as they relate to the subjects of money giving health and prosperity You will be amazed as you discover the secure balanced positions that God's Word has always taught on these important subjects Then you will have the freedom to give joyfully and to receive abundantly God's promised provisions of health and prosperity Get ready for a revolution in your life and an amazing blessing when you learn to do God's thing God's way

Animal Oppression and Human Violence David A. Nibert, 2013-05-07 Jared Diamond and other leading scholars have argued that the domestication of animals for food labor and tools of war has advanced the development of human society But by comparing practices of animal exploitation for food and resources in different societies over time David A Nibert reaches a strikingly different conclusion He finds in the domestication of animals which he renames domesecration a perversion of human ethics the development of large scale acts of violence disastrous patterns of destruction and growth curbing epidemics of infectious disease Nibert centers his study on nomadic pastoralism and the development of commercial ranching a practice that has been largely controlled by elite groups and expanded with the rise of capitalism Beginning with the pastoral societies of the Eurasian steppe and continuing through to the exportation of Western meat centered eating

habits throughout today's world Nibert connects the domesecration of animals to violence invasion extermination displacement enslavement repression pandemic chronic disease and hunger In his view conquest and subjugation were the results of the need to appropriate land and water to maintain large groups of animals and the gross amassing of military power has its roots in the economic benefits of the exploitation exchange and sale of animals Deadly zoonotic diseases Nibert shows have accompanied violent developments throughout history laying waste to whole cities societies and civilizations His most powerful insight situates the domesecration of animals as a precondition for the oppression of human populations particularly indigenous peoples an injustice impossible to rectify while the material interests of the elite are inextricably linked to the exploitation of animals Nibert links domesecration to some of the most critical issues facing the world today including the depletion of fresh water topsoil and oil reserves global warming and world hunger and he reviews the U S government's military response to the inevitable crises of an overheated hungry resource depleted world Most animal advocacy campaigns reinforce current oppressive practices Nibert argues Instead he suggests reforms that challenge the legitimacy of both domesecration and capitalism **Tomart's Price Guide to Kid's Meal Collectibles** Ken Clee,Suzan Hufferd,1994 Billboard ,1995-06-24 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends
