## **Bush V Gore The Question Of Legitimacy:**

Bush V. Gore Bruce A. Ackerman, 2002-01-01 The Supreme Court's intervention in the 2000 election will shape American law and democracy long after George W Bush has left the White House This book brings together a broad range of preeminent legal scholars who address the larger questions raised by the Supreme Court's actions Did the Court's decision violate the rule of law Did it inaugurate an era of super politicized jurisprudence How should Bush v Gore change the terms of debate over the next round of Supreme Court appointments The contributors Bruce Ackerman Jack Balkin Guido Calabresi Steven Calabresi Owen Fiss Charles Fried Robert Post Margaret Jane Radin Jeffrey Rosen Jed Rubenfeld Cass Sunstein Laurence Tribe and Mark Tushnet represent a broad political spectrum Their reactions to the case are varied and surprising filled with sparkling argument and spirited debate

**Supreme Inequality** Adam Cohen, 2021-02-23 With Supreme Inequality Adam Cohen has built brick by brick an airtight case against the Supreme Court of the last half century Cohen's book is a closing statement in the case against an institution tasked with protecting the vulnerable which has emboldened the rich and powerful instead Dahlia Lithwick senior editor Slate A revelatory examination of the conservative direction of the Supreme Court over the last fifty years In Supreme Inequality bestselling author Adam Cohen surveys the most significant Supreme Court rulings since the Nixon era and exposes how contrary to what Americans like to believe the Supreme Court does little to protect the rights of the poor and disadvantaged in fact it has not been on their side for fifty years Cohen proves beyond doubt that the modern Court has been one of the leading forces behind the nation's soaring level of economic inequality and that an institution revered as a source of fairness has been systematically making America less fair A triumph of American legal political and social history Supreme Inequality holds to account the highest court in the land and shows how much damage it has done to America's ideals of equality democracy and justice for all

*The Supreme Court Law Review*, 2004

*Bush V. Gore* Charles L. Zelden, 2008 The most complete accurate and up to date analysis of the events surrounding the Supreme Court's controversial 5-4 decision that stopped the Florida recount and gave George W Bush a mere five electoral vote victory over Al Gore in the 2000 presidential election

**What Do We Expect from Our Government?** Alison Brooks, 2012

Queen's Court Nancy Maveety, 2008 The first book to challenge the conventional wisdom that Sandra Day O'Connor was an influential member of the Rehnquist Court simply by default of her centrist views Shows that her impact and influence went far beyond the swing vote and that it truly was O'Connor's Court more so than Rehnquist's

Supreme Disorder Ilya Shapiro, 2020-09-22 NAMED ONE OF THE BEST BOOKS OF 2021 POLITICS BY THE WALL STREET JOURNAL A must read

for anyone interested in the Supreme Court MIKE LEE Republican senator from Utah Politics have always intruded on Supreme Court appointments But although the Framers would recognize the way justices are nominated and confirmed today something is different Why have appointments to the high court become one of the most explosive features of our system of government As Ilya Shapiro makes clear in *Supreme Disorder* this problem is part of a larger phenomenon As government has grown its laws reaching even further into our lives the courts that interpret those laws have become enormously powerful If we fight over each new appointment as though everything were at stake it is because it is When decades of constitutional corruption have left us subject to an all powerful tribunal passions are sure to flare on the infrequent occasions when the political system has an opportunity to shape it And so we find the process of judicial appointments verging on dysfunction Shapiro weighs the many proposals for reform from the modest term limits to the radical court packing but shows that there can be no quick fix for a judicial system suffering a crisis of legitimacy And in the end the only measure of the Court's legitimacy that matters is the extent to which it maintains or rebalances our constitutional order Bad Advice Harold H. Bruff, 2009 A scathing critique of President Bush's legal advisors who expanded the reach of his executive powers while creating highly controversial policies for fighting the War on Terror Argues that these advisors blinded by ideology provided largely bad legal advice that caused great harm and ultimately was unnecessary for national security Arizona Journal of International and Comparative Law, 2009 Citizens, Courts, and Confirmations James L. Gibson, Gregory A. Caldeira, 2009-06-15 In recent years the American public has witnessed several hard fought battles over nominees to the U S Supreme Court In these heated confirmation fights candidates legal and political philosophies have been subject to intense scrutiny and debate *Citizens Courts and Confirmations* examines one such fight over the nomination of Samuel Alito to discover how and why people formed opinions about the nominee and to determine how the confirmation process shaped perceptions of the Supreme Court's legitimacy Drawing on a nationally representative survey James Gibson and Gregory Caldeira use the Alito confirmation fight as a window into public attitudes about the nation's highest court They find that Americans know far more about the Supreme Court than many realize that the Court enjoys a great deal of legitimacy among the American people that attitudes toward the Court as an institution generally do not suffer from partisan or ideological polarization and that public knowledge enhances the legitimacy accorded the Court Yet the authors demonstrate that partisan and ideological infighting that treats the Court as just another political institution undermines the considerable public support the institution currently enjoys and that politicized confirmation battles pose a grave threat to the basic legitimacy of the Supreme Court **Washington and Lee Journal of Civil Rights and Social Justice**, 2006 U.C. Davis Law Review University of California, Davis. School of Law, 2002 **Democracy's Deep Roots** Steffen Schneider, 2010-04-09 Does the democratic nation state remain a legitimate regime form in the current age of globalization Sceptical assessments of the nation state's legitimacy and outright crisis diagnoses prevail in the academic literature

especially in the contributions of public opinion researchers Democracy's Deep Roots uses a novel text analytical approach to probe this topical question Drawing on a comparative study of legitimization discourses in the quality press of four Western democracies Switzerland Germany Britain and the United States it shows that the levels and democratic foundations of public support for the nation state and its core institutions are surprisingly robust There is little evidence for the fully fledged erosion of legitimacy or for a transformation of its foundations in the public spheres of Western democracies The book also identifies a number of discursive mechanisms that explain this finding and suggests an analytical frame work for future research into the communicative dimension of legitimization processes Book Jacket
