Business Development For Dummies:

Business Development For Dummies Anna Kennedy, 2015-02-04 Growing a small business requires more than just sales. Business Development For Dummies helps maximise the growth of small or medium sized businesses with a step by step model for business development designed specifically for B2B or B2C service firms. By mapping business development to customer life cycle this book helps owners and managers ensure a focus on growth through effective customer nurturing and management. It's not just sales. In depth coverage also includes strategy, marketing, client management and partnerships alliances helping you develop robust business practices that can be used every day. You'll learn how to structure, organise and execute an effective development plan with step by step expert guidance. Realising that you can't just hire a sales guy and expect immediate results is one of the toughest lessons small business CEOs have to learn. Developing a business is about more than just gaining customers; it's about integrating every facet of your business in an overarching strategy that continually works toward growth. Business Development For Dummies provides a model and teaches you what you need to know to make it work for your business. Learn the core concepts of business development and how it differs from sales. Build a practical step by step business development strategy. Incorporate marketing, sales and customer management in general planning. Develop and implement a growth enhancing partnership strategy. Recognising that business development is much more than just sales is the first important step to sustained growth. Development should be daily, not just when business starts to tail off or you fall into a cycle of growth and regression. Plan for growth and make it stick. Business Development For Dummies shows you how.
