Needles,Marian Powers,2005 Designed for financial accounting programs that prefer to start with a sole proprietorship approach this market leading text provides business students with a strong foundation in accounting procedures and emphasizes the use of financial information in decision making and analysis The text intended for use in a single semester or quarter contains balanced flexible content supported by an array of integrated print and technology supplements The 2005e Edition maintains a high standard for accuracy integrates performance measurement and emphasizes technology Real world examples appear throughout the text to help students link accounting procedures to publicly held companies as well as international governmental and not for profit organizations

**Principles of Accounting** Meg Pollard,Sherry K.

Mills,Walter T. Harrison,2007 The Demo Docs System of instruction replicates the classroom experience by providing more I get it moments outside of class We ve talked to tons of POA instructors and our editors have even taken the accounting course numerous times to figure out the following issue in this course that is consistent Students understand or get it right after you do a problem in class but as soon as they leave class with each passing hour their ability to do the problems again and complete their homework diminishes to the point of them either having to come to office hours to get help or they just quit and get behind in the course On top of this you can end up getting behind in the course as well in order to keep everyone

on track The Demo Docs system helps to recreate the I get it moments outside of class keeping both you and the students on track *Fundamental Accounting Principles* Kermit D. Larson, Pyle, William W, 1999 A Study Guide prepared by Barbara Chiappetta covers each chapter and appendix with reviews of the learning objectives outlines of the chapters and summaries of chapter materials It also provides additional problems and solutions *Accounting* Paul D. Kimmel, Jerry J. Weygandt, Donald E. Kieso, 2009 Offering a unique approach in the field this book presents the principles of accounting from a corporate perspective This provides readers with a real world understanding of the concepts
