polymath Ren Girard to bring this hidden force to light and reveals how it shapes our lives and societies According to Girard humans don t desire anything independently Human desire is mimetic we imitate what other people want This affects the way we choose partners friends careers clothes and vacation destinations Mimetic desire is responsible for the formation of our very identities It explains the enduring relevancy of Shakespeare s plays why Peter Thiel decided to be the first investor in Facebook and why our world is growing more divided as it becomes more connected Wanting also shows that conflict does not arise because of our differences it comes from our sameness Because we learn to want what other people want we often end up competing for the same things Ignoring our large similarities we cling to our perceived differences Drawing on his experience as an entrepreneur teacher and student of classical philosophy and theology Burgis shares tactics that help turn blind wanting into intentional wanting not by trying to rid ourselves of desire but by desiring differently It s possible to be more in control of the things we want to achieve more independence from trends and bubbles and to find more meaning in our work and lives The future will be shaped by our desires Wanting shows us how to desire a better one **The Australian Grapegrower & Winemaker** ,2001 **Agricultural Machinery and Equipment** ,1982 *Agricultural Machinery and Equipment, Ivory Coast* ,1983 Country Market Survey ,1983 **Car and Driver** ,2007 **Cars & Parts** ,1990 Farming Ahead with the Kondinin Group ,2006 **Landwards** ,1996 **Australian Viticulture** ,1996 *Tractor Comparisons* , *Bibliography of Agriculture with Subject Index* ,1984 **Autocar** ,2003-03 Classic Cars of the World Quentin Willson,1995 *American Book Publishing Record* ,2006
