Bullying Interventions In Schools Six Basic Approaches:

Bullying Interventions in Schools Ken Rigby, 2010 Dealing effectively with the problem of bullying in schools is now recognised as a major challenge for educators of young people The case for improving the effectiveness of school interventions in cases of bullying is overwhelming

The Method of Shared Concern Ken Rigby, 2011 In Ken Rigby's latest book on bullying in schools the renowned international expert provides an in depth research based examination of The Method of Shared Concern Originally conceived by Swedish Psychologist Anatol Pikas and adapted in line with ground breaking government sponsored studies in Australia The Method of Shared Concern describes the multi stage process in which suspected bullies and their victims are individually interviewed and eventually brought together in an effort to reach resolution Intended primarily for use by teachers and school counsellors The Method of Shared Concern demonstrates through practical example and real world case studies how the method can be applied in any school environment as one important way in which cases of bullying can be effectively managed

Pastoral Care 11-16 Noel Purdy, 2013-03-14 How can teachers deal with the growing pastoral needs of pupils aged 11 16 in schools This critical guide explores the pastoral role which teachers play in schools and argues that today's schools continue to offer children an invaluable source of support This guide explores a number of serious pastoral issues drawing on contemporary research to outline the impact which these issues can have on children aged 11 16 and offering practical strategies for providing support on a whole school and individual classroom level Consideration is also given to how schools can use the curriculum proactively to help pupils be more prepared to deal with serious pastoral issues Topics dealt with include supporting children who are experiencing separation or divorce helping to prevent and deal with bullying including cyber bullying identifying and responding to possible child abuse understanding the impact of domestic violence supporting children through bereavement responding to self harm and suicide This is the essential guide for those training to teach in the secondary sector and for practicing teachers who have recently taken on pastoral responsibilities

Making Your Primary School E-safe Adrienne Katz, 2015-06-21 Children are using the internet and mobile devices at increasingly younger ages and it's becoming more and more important to address e safety in primary schools This practical book provides guidance on how to teach and promote e safety and tackle cyberbullying with real life examples from schools of what works and what schools need to do The book explains how to set policy and procedures how to train staff and involve parents and provides practical strategies and ready to use activities for teaching e safety and meeting Ofsted requirements Including up to the minute information and advice that includes new technologies social media sites and recent school policy trends such as Bring Your Own Device this book provides all of the information that educational professionals need to implement successful whole school e safety strategies

Reducing Cyberbullying in Schools Marilyn Campbell, Sheri Bauman, 2018-01-02 Reducing Cyberbullying in Schools International Evidence Based Best Practices provides an accessible blend of academic rigor and practical application for

mental health professionals school administrators and educators giving them a vital tool in stemming the problem of cyberbullying in school settings It features a variety of international evidence based programs that can be practically implemented into any school setting In addition the book looks at a broad array of strategies such as what can be learned from traditional bullying programs technological solutions policy and legal solutions and more Provides overviews of international evidence based programs to prevent cyberbullying in schools Presents an academically rigorous examination that is also practical and accessible Includes technological and legal strategies to stem cyberbullying in schools Looks at the prevalence and consequences of cyberbullying

Acting to Manage Conflict and Bullying Through Evidence-Based Strategies Bruce Burton,Margret Lepp,Morag Morrison,John O'Toole,2015-06-15 This book offers a complete and detailed account of the evolution of an internationally successful evidence based program that has been the result of almost two decades of action research into conflict and bullying It addresses one of the most serious problems encountered in schools and work places worldwide that of bullying and inter personal conflict The book presents a comprehensive account of the research development and refinement of the DRACON Project and the Acting Against Bullying and Cooling Conflicts programs The effective strategies that emerged from the extensive international research and practice use a combination of theories of conflict and bullying management with drama techniques and peer teaching which have been unique in their application The book analyses their evolution into an effective program that has impacted positively on bullying and conflict in a number of settings In the UK the program successfully addressed behavioural problems amongst girls in schools through the use of peer teaching in a drama setting In Sweden the program assists nursing students nurses and other health professionals to deal with conflict in the workplace In Australia it has been applied in hundreds of schools to reduce bullying and assist newly arrived refugees to deal with cultural conflict and develop resilience and self identity in their new country This volume makes a major and authentic contribution to the international effort to find effective strategies and techniques to deal with interpersonal conflict and bullying across a range of contexts

Handbook of Australian School Psychology Monica Thielking,Mark D. Terjesen,2017-01-26 This handbook addresses the current state and practice of school psychology with a focus on standards unique to Australia including historical legal ethical practical and training factors It provides a compilation of the most current research based practices as well as guidelines for evidence based assessment and intervention for common conditions e g autism depression learning disabilities and for delivering appropriate services to targeted student populations e g LGBT gifted medical issues Chapters discuss the application of national and international school psychology practices within the Australian educational and psychological structure The handbook also examines the lack of formal resources specific to Australia s culture and psychology systems with its unique mix of metropolitan cities and the vast geographic landscape that spans regional and remote areas It offers numerous case studies and innovative school mental health programs as well as recommendations for professional development and advocacy that are unique to
