Burger King Job Description:

Making Fast Food Ester Reiter, 1996 Some say the adventurous days of grueling and dangerous scientific exploration are long gone but Reiter sociology Brock U undertook a 10 month trek without pay into the uncharted wilds of a Burger King kitchen to bring us first hand accounts of the strange and marvellous customs of the natives The illustrations are hilarious Annotation copyrighted by Book News Inc Portland OR

Fast Food, Fast Track Jennifer Parker Talwar, 2018-03-05 Praise for Fast Food Fast Track A fine ethnography with both theoretical and advocative significance representing the best qualitative sociology Choice Explores the intimate realities and behind the scenes exchanges of a multiethnic work force serving the typical American meal Through a lively narrative and insightful stories Jennifer Parker Talwar gives a full sense of what it is like to live in both a global economy and a local culture Sharon Zukin author of The Cultures of Cities No longer just pocket money for American teens wages paid by multinational fast food chains are going to a new generation of order takers burger flippers and basket fryers newly arrived immigrants hailing from China the Caribbean Latin America and India a colorful sea of faces has taken its place behind one of the most ubiquitous American business institutions the fast food counter They have become a vital link between the growing service sector in our cities ethnic enclaves and the multi billion dollar global fast food industry For four years sociologist Jennifer Parker Talwar went behind the counter herself and listened to immigrant fast food workers in New York City's ethnic communities They talked about balancing their low paying jobs and monotonous daily reality with keeping the faith that these very jobs could be the first step on the path to the American Dream In this original and compelling work of ethnography Talwar shows that contrary to those arguing that the fast food industry only represents an increasing homogenization of the American workforce fast food chains in immigrant communities must and do adapt to their surroundings
