But buyer beware! A used car is likely to need more repairs and may come with a short warranty or none at all. In addition, used cars may lack the latest safety features. That is why it is so important for consumers to do extensive research so they can avoid all of the potential pitfalls of buying a used car. The auto experts at Consumer Reports have done the work for you and have compiled their extensive research and report their findings into the 2007 edition of USED CAR BUYING GUIDE.
