Kids Count Data Book ,2018 *Streaming and Copyright Law* Lasantha Ariyarathna,2022-09-05 This book examines the challenges posed to Australian copyright law by streaming from the end user perspective It compares the Australian position with the European Union and United States to draw lessons from them regarding how they have dealt with streaming and copyright By critically examining the technological functionality of streaming and the failure of copyright enforcement against the masses it argues for strengthening end user rights The rising popularity of streaming has resulted in a revolutionary change to how digital content such as sound recordings cinematographic films and radio and television broadcasts is used on the internet Superseding the conventional method of downloading using streaming to access digital content has challenged copyright law because it is not clear

whether end user acts of streaming constitute copyright infringement. These prevailing grey areas between copyright and streaming often make end users feel doubtful about accessing digital content through streaming. It is uncertain whether exercising the right of reproduction is appropriately suited for streaming given the ambiguities of embodiment and scope of substantial part. Conversely, the fair dealing defence in Australia cannot be used aptly to defend end users' acts of streaming digital content because end users who use streaming to access digital content can rarely rely on the defence of fair dealing for the purposes of criticism or review, news reporting, parody or satire or research or study. When considering a temporary copy exception, end users are at risk of being held liable for infringement when using streaming to access a website that contains infringing digital content even if they lack any knowledge about the content's infringing nature. Moreover, the grey areas in circumventing geo-blocking have made end users hesitant to access websites through streaming because it is not clear whether technological protection measures apply to geo-blocking. End users have a severe lack of knowledge about whether they can use circumvention methods such as virtual private networks to access streaming websites without being held liable for copyright infringement. Despite the intricacies between copyright and access to digital content, the recently implemented website blocking laws have emboldened copyright owners while suppressing end users' access to digital content. This is because the principles of proportionality and public interest have been given less attention when determining website blocking injunctions. [Asia-Pacific Regional Security Assessment 2022](#) The International Institute for Strategic Studies (IISS), 2022-06-10. The Asia Pacific Regional Security Assessment examines key regional security issues relevant to the policy focused discussions of the IISS Shangri La Dialogue, Asia's premier defence summit convened by the International Institute for Strategic Studies. Among the topics explored are US Indo-Pacific strategy, alliances and security partnerships, Chinese perspectives on regional security, Taiwan's security and the possibility of conflict, the continuing challenges posed by North Korea's nuclear and missile programmes, the nuclear dynamics of Sino-American security relations, air and naval operations in the Asia Pacific, Sino-American technology competition, Japan's competition and cooperation with China, India's role in the Quadrilateral Security Dialogue Quad, the evolving regional security engagement of European states and the European Union, China's role as an upstream state in the Mekong sub-region and the climate crisis and Asia Pacific security. As this volume goes to press, the war in Ukraine overshadows the international security landscape and many chapters in this volume touch on the conflict's ramifications for security in the Asia Pacific. Dutton, Brian Eyler, Michael Green, Sheryn Lee, Jeffrey G. Lewis, Tanvi Madan, Jeffrey Mazo, Ben Schreer, Yun Sun, Nicholas Szechenyi, Brendan Taylor, Ashley Townshend and Paul Triolo. **One Step Ahead** David Sally, 2020-05-05.
