**Germany since 1945** Pól Ó Dochartaigh,2019-10-10 Since its crushing military defeat in 1945 Germany has faced occupation and division economic success amidst Cold War bitterness the rise and spectacular fall of the Berlin Wall and now more than a decade as a country united for only the second time in its history It has become a slumbering economic superpower at the heart of the drive towards European unity while divisions between east and west remain among its own people Germany since 1945 Offers a comprehensive introduction to every stage in Germany s political social and economic development from 1945 right up to the present day Examines in depth both German states their differences and their similarities as well as the period of occupation 1945 49 and the year of unification 1989 90 Concludes with the first short survey in English of more than a decade of post unification Germany covering the period right up to the Iraq crisis in spring 2003

**No Better Friend?** Peter Sparding,2024-11-18 The German American relationship is the decisive transatlantic dynamic of our time Long seen as one of the most stable connections between Europe and America thanks to its well defined Cold War structure and hierarchy relations between Washington and Berlin have become much more volatile in the twenty first century and are playing an increasingly pivotal role in determining the degree to which Europe and the United States will be able to shape a rapidly changing world order Stabilising this uniquely complicated relationship will be no easy feat At times more closely aligned politically and more intertwined economically than any other transatlantic pair since the end of the Cold War these republics have seen their relations characterised by frequent diplomatic cultural and philosophical clashes and misunderstandings and a trail of disappointed expectations Peter Sparding examines the long history between the two countries and their peoples the narratives and perceptions harboured

by each nation concerning the other and the evolution of diplomatic economic and security ties Appraising the complicated interplay between Germany and the United States vis vis a rising China and the domestic challenges facing both countries his book offers an outlook on how this all important relationship might function going forward     Longman Companion to Germany Since 1945 Adrian Webb,2014-09-09 This new Companion provides a wealth of information on the history of Germany since the Second World War including much material which is not readily available Throughout equal attention is devoted to East and West Germany and covers political social cultural and economic developments The author provides information on for example political parties and office holders living standards crime and the environment Germany s relationship with the European Union and East Germany up to 1990 Attention is also devoted to topical issues such as opposition and dissent in the East terrorism neo nazism and racial violence An essential reference book for anyone studying or teaching postwar Germany in history or politics departments     *The History of Modern Germany Since 1945* Bruce Walabbis,2019-08-18 the history of modern germany since 1945     Germany Since 1945 Lothar Kettenacker,1997 Defeat and unconditional surrender these were the foundations on which post war Germany was built The overall impact however was not apathy but a mentality which was down to earth pragmatic and forward looking Democracy economic liberalism and European integration were the signposts to the future Even though the old ruling elite with their power base in the agrarian East had been swept away by the end of the war the social and industrial fabric of Germany society did not crumble altogether Crucial structures survived and contributed to West Germany s phenomenal recovery while the East was forced to submit to a ruthless Soviet leadership Now however following the collapse of the Berlin Wall the aftermath of German reunification will be long and painful for never have two economies and societies been fused together which had grown as far apart as West and East Germany Lothar Kettenacker s book offers a fascinating survey of the fortunes and features of East and West Germany how the two states drifted apart the differences between their economies politics and cultures and the problems and events surrounding their unification     **Germany and the United States** Frank A. Ninkovich,1988-01-01

The Federal Republic of Germany since 1949 Klaus Larres,Panikos Panayi,2014-08-27 Today the problems of reunification seem to feature more often in the international spotlight than the benefits This timely volume offers a reassessment of Germany s postwar development from its inception through to reunification including a thorough examination of the implications for economic political and social policies The impressive team of contributors include leading names in the history of modern Germany together with some of the ablest younger scholars in the field They are Hartmut Berghoff David Childs Immanuel Geiss Graham Hallett Klaus Larres Terry McNeill Torsten Opelland Richard Overy Stephen Padgett Panikos Panayi and Mathias Siekmeier     **Ambiguous Relations** Shlomo Shafir,2018-02-05 It is a comprehensive account of recent history that comes to groups with emotional and political reality     Deutschland seit 1945 Dieter Klar,Goethe-Institut (Monachium),1997     **Germany from Partition to Reunification** Henry Ashby Turner,1992 A

revised edition of The Two Germanies since 1945 which discussed the partitioning of Germany after World War II and the formation of the two states This revised text covers unification the exodus of East Germans to the Federal Republic breaching of the Berlin Wall and overthrow of communism Memorialization in Germany since 1945 B. Niven,C. Paver,2009-12-18

Difficult Pasts provides a wide ranging discussion of contemporary Germany s rich memorial landscape It discusses the many memorials to German losses during the Second World War to the victims of National Socialism and to those of GDR socialism With up to date coverage of many less well known memorials as well as the most publicised ones

### **The Longman**

**Companion to Germany Since 1945** Adrian Webb,1998 This essential reference tool for teachers and students provides a wealth of information on the history of Germany since the Second World War including much material which is not readily available

*Legacies of Stalingrad* Christina Morina,2014-05-14 Christina Morina s book examines the history of the

Eastern Front war and its impact on German politics and society throughout the postwar period She argues that the memory of the Eastern Front war was one of the most crucial and contested themes in each part of the divided Germany Although the Holocaust gained the most prominent position in West German memory official memory in East Germany centered on the war against the USSR The book analyzes the ways in which these memories emerged in postwar German political culture during and after the Cold War and how views of these events played a role in contemporary political debates The analysis pays close attention to the biographies of the protagonists both during the war and after drawing distinctions between the accepted

public memory of events and individual encounters with the war

Reinventing Germany Anthony Glees,1996-08 In this stimulating book a leading expert on German affairs provides an overview of German political development since 1945 The

key to the well being and prosperity of Europe after 1945 was the creation of a stable and democratic West Germany

Unification in 1990 not only transformed Germany s role in Europe and the world but brought new political social and economic problems caused by the vast expense of unity and high labour costs The author argues that these great changes provide a new and daunting challenge to the Bonn system by calling into question the Berlin Republic s ability to meet the needs of the German nation The difficulties resulting from Germany s commitment to European integration are also

addressed Within Europe German insistence on deeper integration is often seen as evidence of a German wish to dominate

Europe even though the stated aim of Kohl s government is to prevent this from happening The author believes that Germany s new power is clearly visible and must be carefully managed if future conflict is to be avoided

Losing Heaven Thomas

Großbölting,2016-10-01 As the birthplace of the Reformation Germany has been the site of some of the most significant

moments in the history of European Christianity Today however its religious landscape is one that would scarcely be

recognizable to earlier generations This groundbreaking survey of German postwar religious life depicts a profoundly

changed society congregations shrink private piety is on the wane and public life has almost entirely shed its Christian

character yet there remains a booming market for syncretistic and individualistic forms of popular religion Losing Heaven

insightfully recounts these dramatic shifts and explains their consequences for German religious communities and the polity as a whole The Two Germanies Since 1945 Henry Ashby Turner,1987 Surveys German postwar history discusses the leadership of both nations and identifies common problems the two now face **The Routledge Companion to Modern European History since 1763** Chris Cook,John Stevenson,2004-11-10 The Routledge Companion to Modern European History since 1763 is a compact and highly accessible work of reference covering the broad sweep of events from the last days of the ancient regime to the ending of the Cold War and from the reshaping of Eastern Europe to the radical expansion of the European Union in 2004 Within the broad coverage of this outstanding volume particular attention is given to subjects such as the era of the Enlightened Despots the Revolutionary and Napoleonic era in France and the revolutions of 1848 nationalism and imperialism and the retreat from Empire the First World War the rise of the European dictators the coming of the Second World War the Holocaust and the post war development of Europe the Cold War the Soviet Union and its break up the protest and upheavals of the 1960s as well as social issues such as the rise of the welfare state and the changing place of women in society throughout the period With a fully comprehensive glossary a biographical section a thorough bibliography and informative maps this volume is the indispensable companion for all those who study modern European history Germany Since 1945 ,1990 **The Spoils of War** Aidan Crawley,1973
