panels Facundo Conforti, 2023-04-24 The panels of a commercial aircraft are usually a mystery to some pilots who want to enjoy these wonderful works of aeronautical engineering. Understanding the operation of each knob each button each indicator and each part of the aircraft panels seems to be an almost impossible mission for those who have not been lucky enough to take the aircraft habilitation course. In this work we will make it simple and easy. A book dedicated exclusively to the panels of the fabulous Boeing 737 NG. In each chapter you will learn each part of the panels each function each indication. After this reading it will be enough to look at the panels of the cockpit in a B737 and you will understand what you are seeing perfectly. It is not a system manual but a descriptive and analytical manual of each panel of the aircraft. An ideal complement to the book *Introduction to 737* of this collection where you learn all the aircraft's systems. Here you will learn all the sections of the upper panel overhead panel main flight panels main panels lower panel pedestal panel and much more. **The**
