Managing Customer Relationships Don Peppers, Martha Rogers, 2004-04-28 In today s competitive marketplace customer

relationship management is critical to a company's profitability and long term success. To become more customer focused, skilled managers, IT professionals and marketing executives must understand how to build profitable relationships with each customer and to make managerial decisions every day designed to increase the value of a company by making managerial decisions that will grow the value of the customer base. The goal is to build long term relationships with customers and generate increased customer loyalty and higher margins.

In *Managing Customer Relationships*, Don Peppers and Martha Rogers credited with founding the customer relationship revolution in 1993 when they invented the term one to one marketing, provide the definitive overview of what it takes to keep customers coming back for years to come. Presenting a comprehensive framework for customer relationship management, *Managing Customer Relationships* provides CEOs, CFOs, CIOs, CMOs, privacy officers, human resources managers, marketing executives, sales teams, distribution managers, professors and students with a logical overview of the background, the methodology and the particulars of managing customer relationships for competitive advantage.

Here renowned customer relationship management pioneers Peppers and Rogers incorporate many of the principles of individualized customer relationships that they are best known for including a complete overview of the background and history of the subject, relationship theory, IDIC (Identify, Differentiate, Interact, Customize) methodology, metrics, data management, customer management, company organization, channel issues and the store of the future. One of the first books designed to develop an understanding of the pedagogy of managing customer relationships with an emphasis on customer strategies and building customer value, *Managing Customer Relationships* features pioneering theories and principles of individualized customer relationships. An overview of relationship theory, Contributions from such revolutionary leaders as Philip Kotler, Esther Dyson, Geoffrey Moore and Seth Godin, Guidelines for identifying customers and differentiating them by value and need, Tips for using the tools of interactivity and customization to build learning relationships, Coverage of the importance of privacy and customer feedback, Advice for measuring the success of customer based initiatives, The future and evolution of retailing, An appendix that examines the qualities needed in a firm's customer relationship leaders and that provides fundamental tools for embarking on a career in managing customer relationships or helping a company use customer value as the basis for executive decisions. The techniques in *Managing Customer Relationships* can help any company sharpen its competitive advantage.

Wowability Imran Syed, 2008-06-02 Wowability is no ordinary read. It stimulates the intellect into action and leads to a determination to exceed expectations. The concepts described in this book are the elements that will be required from all future businesses. Koichiro Naganuma, President and CEO Asatsu DK Inc. I was walking down the hallway of a client when I turned to my right and saw a redhead sitting behind a counter. Without thinking I said Wow and continued walking but several days later returned to the scene and struck up a conversation. After 40 years of marriage I still say Wow to the same redhead every once in a while. You never get a second chance to make a first impression. Imran Syed's book *Wowability* will help you make that first impression as memorable as possible. Al Ries, Author *The Origin of Brands*

Wowability is the first time an accomplished practitioner has usefully codified the complex emotional processes of consumer brand choice. At the very least Imran Syed has constructed the first practical algorithm for 21st century brand management. Over time Wowability will prove to be a landmark work and Imran the Maslow of our era. Andy Berlin, Chairman and CEO, Group United. In a marketplace filled with a stultifying array of brands, it is absolutely imperative that marketers exceed the expectations of their customers. In other words, WOW them. Imran Syed has created the user's manual for driving the modern day brand. Every person responsible for driving the success of a brand today should keep a copy of Wowability. How to Achieve It, Why It Matters. In the proverbial glove compartment. David Verklin, CEO, Carat Americas, Chairman, Carat Asia Pacific. The modern customer wants value for money. In this book, Imran Syed has provided a blueprint for how brands can offer value that exceeds expectations. Wowability. I strongly recommend this book to anyone who would like to take a mediocre brand into the high performance zone. WOW. Dr. H. Shanker Krishnan, Associate Professor of Marketing, Kelley School of Business, Indiana University.

**Mobile Marketing Management** Hongbing Hua, 2019-03-18. With the development of mobile internet technology, people's lifestyle and consumer behavior are changing rapidly. Nowadays, the products on the market are updating more and more frequently, and the traditional marketing theory and brand theory fail to get with the mobile internet. So, what's the innovative marketing to take in the new era? Since 2012, China has entered into the mobile era and became a major country of mobile internet application. The book summarizes the experience of the author accumulated from many trials and errors in management and marketing innovation so as to form the pattern of management and marketing for the next 30 years. Mobile Marketing Management lays the foundation for the new era with four pillars: service, substance, superuser, space, known as 4S theory for short. In view of the concept of customer first, it is all about service and products become productized service concepts. In view of the failure of mass communication, the competition among all services becomes the competition of substance differentiation. Regarding the popularity of self-organization, it becomes a trend to cooperate with people rather than the company to develop the market. In view of the principle of fuzzy market boundary, the enterprises shall optimize their living space and evolve their development space. This book contains numerous case studies along with analysis and creates the discipline of mobile marketing management, providing innovative theories, methods, and tools for the marketing of enterprises. Through this book, readers can master the marketing methods of the mobile internet era. They can apply the marketing theory in this book to guide the marketing practice, thus improving marketing efficiency and reducing marketing costs.
