**Reading Postcolonial Literature** Hayley G. Toth,2025-03-10 An Open Access edition is available thanks to the kind sponsorship of the libraries participating in the Jisc Open Access Community Framework OpenUP initiative Debates about reading in postcolonial studies rarely discuss non professional readers except to secure the authority of professional reading practices In Reading Postcolonial Literature Hayley G Toth places non professional reading practices in dialogue with received academic wisdom to debunk common sense assumptions about non professional readers as Western or neocolonial consumers Drawing on reading practices recorded in academic books journal articles and on online book reviewing platforms like Amazon and Goodreads Toth draws attention to important continuities between professional and non professional

practices of reading postcolonial literature. At the same time she highlights that non professionals often have little desire to emulate the practices of professional postcolonial critics. Precisely by not adopting the established protocols and methods of postcolonial studies non professional readers call attention to the limits of dominant approaches to reading in the discipline. Across four chapters Toth examines the relationship between reading and identity during the Rushdie affair, the difference between reading and address the challenges posed by difficult texts and the legitimacy of non understanding and the reception of popular texts primarily read by non professional audiences. Reading Postcolonial Literature demonstrates that reception matters in any claims we make about the value of reading postcolonial literature and offers new ways forward for the practice study and teaching of reading in the discipline. *Boys' and Girls' Bookshelf: I.
