Bean, Judith Dunkerly-Bean, Helen J. Harper, 2013-02-14 *Teaching Young Adult Literature: Developing Students As World Citizens* by Thomas W. Bean, Judith Dunkerly-Bean, and Helen Harper is a middle and secondary school methods text that introduces pre-service teachers in teacher credential programs and in-service teachers pursuing a Masters degree in Education to the field of young adult literature for use in contemporary contexts. The text introduces teachers to current research on adolescent life and literacy, the new and expanding genres of young adult literature, teaching approaches, and practical strategies for using young adult literature in English and Language Arts secondary classrooms and in Content Area Subjects, e.g., History, and ongoing social, political, and pedagogical issues of English and Language Arts classrooms in relation to contemporary young adult literature. [Literature for Young Adults](#) Joan L. Knickerbocker, 2017-03-15 Young adults are actively looking for anything that connects them with the changes happening in their lives, and the books discussed throughout *Literature for Young Adults* have the potential to make that connection and motivate them to read. It explores a great variety of works, genres, and formats, but it places special emphasis on contemporary works whose nontraditional themes, protagonists, and literary conventions make them well suited to young adult readers. It also looks at the ways in which contemporary readers access and share the works they're reading, and it shows teachers ways to incorporate nontraditional ways of accessing and sharing books throughout their literature programs. In addition to traditional genre chapters, *Literature for Young Adults* includes chapters

on literary nonfiction poetry short stories and drama cover art picture books illustrated literature and graphic novels and film It recognizes that while films can be used to complement print literature they are also a literacy format in their own right and one that young adults are particularly familiar and comfortable with The book's discussion of literary language including traditional elements as well as metafictional terms enables readers to share in a literary conversation with their students and others when communicating about books It will help readers teach young adults the language they need to articulate their responses to the books they are reading *Britannica Junior Study Guides*, 1957 Home and School Reading and Study Guides Donna M.
