My young English reader do not suppose that I mean any disrespect to Mynheer Von Bloom by calling him a boor In our good Cape colony a boor is a farmer It is no reproach to be called a farmer Von Bloom was one a Dutch farmer of the Cape a boor The boors of the Cape colony have figured very considerably in modern history Although naturally a people inclined to peace they have been forced into various wars both with native Africans and Europeans and in these wars they have acquitted themselves admirably and given proofs that a pacific people when need be can fight just as well as those who are continually exulting in the ruffian glory of the soldier But the boors have been accused of cruelty in their wars especially those carried on against the native races In an abstract point of view the accusation might appear just But when we come to consider the provocation received at the hands of these savage enemies we learn to look more leniently upon the conduct of the Cape Dutch It is true they reduced the yellow Hottentots to a state of slavery but at that same time we the English were transporting ship loads of black Guineamen
