Business And Human Rights From Principles To Practice:

Business and Human Rights Dorothée Baumann-Pauly, Justine Nolan, 2016-04-28 In a global economy multinational companies often operate in jurisdictions where governments are either unable or unwilling to uphold even the basic human rights of their citizens. The expectation that companies respect human rights in their own operations and in their business relationships is now a business reality. *Business and Human Rights From Principles to Practice* is the first comprehensive and interdisciplinary textbook that addresses these issues. It examines the regulatory framework that grounds the business and human rights debate and highlights the business and legal challenges faced by companies and stakeholders in improving respect for human rights, exploring such topics as the regulatory framework that grounds the business and human rights debate, challenges faced by companies and stakeholders in improving human rights industry specific human rights standards, current mechanisms to hold corporations to account, future challenges for business and human rights. With supporting case studies throughout, this text provides an overview of current themes in the field and guidance on practical implementation, demonstrating that a thorough understanding of the human rights challenges faced by business is now vital in any business context.

Research Handbook on Human Rights and Investment Yannick Radi, 2018-12-28 The interplay between human rights and investments is a key and complex issue in today's world. To take stock of this importance and to tackle this complexity, this Research Handbook offers a unique multi-faceted approach. It gathers in-depth contributions which focus on the interplay between human rights and investments in various international legal regimes, economic sectors and regions. It also provides thorough analyses of the various types of accountability that may result from the activities of multinational corporations in relation to human rights. This Research Handbook is intended for practitioners, policy makers, academics and students eager to understand the interaction between human rights and investments in all its dimensions.

Entrepreneurial Spirit: From Startup to Success Story Yashpalsinh Jadeja, 2023-11-20 Cultivate your entrepreneurial spirit with insights from startup to success. This book offers practical advice and inspiration for aspiring entrepreneurs, covering the journey from initial idea to thriving business.

Controlling Cyberspace Carol M. Glen, 2017-12-07 Informed by theories of international relations, this book assesses global political conflicts over cyberspace. It also analyzes the unique governance challenges that the Internet presents both in terms of technical problems and control over content. The Internet is a resource of unparalleled importance to all countries and societies, but the current decentralized system of Internet governance is being challenged by governments that seek to assert sovereign control over the technology. The political battles over governing the Internet ones that are coming and conflicts that have already started have far-reaching implications. This book analyzes the shifting nature of internet governance as it affects timely and significant issues, including internet freedom, privacy and security, as well as individual and corporate rights. *Controlling Cyberspace* covers a broad range of issues related to internet governance, presenting a technical description of how the internet works and

overview of the internet governance ecosystem from its earliest days to the present an examination of the roles of the United Nations and other international and regional organizations in internet governance and a discussion of internet governance in relation to specific national and international policies and debates Readers will consider if internet access is a human right and if the right to freedom of expression applies equally to the exchange of information online The book also addresses how the digital divide between those in developed countries and the approximately 5 billion people who do not have access to the internet affects the issue of internet governance and it identifies the challenges involved in protecting online privacy in light of government and corporate control of information **Mining in Latin America** Kalowatiae Deonandan, Michael L. Dougherty, 2016-07-15

The last two decades have witnessed a dramatic expansion and intensification of mineral resource exploitation and development across the global south especially in Latin America This shift has brought mining more visibly into global public debates and spurred a great deal of controversy and conflict This volume assembles new scholarship that provides critical perspectives on these issues The book marshals original empirical work from leading social scientists in a variety of disciplines to address a range of questions about the practices of mining companies on the ground the impacts of mining on host communities and the responses to mining from communities civil society and states The book further explores the global and international causes consequences and innovations of this new era of mining activity in Latin America Key issues include the role of Canadian mining companies and their investment in the region and to a lesser extent the role of Chinese mining capital Several chapters take a regional perspective while others are based on empirical data from specific countries including Bolivia Brazil El Salvador Guatemala and Peru

Conceptualising Comparative Politics Anthony Petros Spanakos, Francisco Panizza, 2015-07-16 Comparative politics often involves testing of hypotheses using new methodological approaches without giving sufficient attention to the concepts which are fundamental to hypotheses particularly the ability of these concepts to travel Proper operationalising requires deep reflection on the concept not simply establishing how it should be measured Conceptualising Comparative Politics the flagship book of Routledge's series of the same name breaks new ground by emphasising the role of thoroughly thinking through concepts and deep familiarity with the case that inform the conceptual reflection In this thought provoking book established academics as well as emerging scholars in the field collect and invite scholarship in the tradition of conceptual comparative politics The book posits that concepts may be used comparatively as lenses building blocks and scripts and contributors show how these conceptual tools can be employed in original comparative research Importantly contributors to Conceptualising Comparative Politics do not simply use concepts in one of these three ways but they apply them with careful consideration of empirical variation The chapters included in this volume address some of the most contentious issues in comparative politics populism state capacity governance institutions elections secularism among others from various geographic regions and model how scholars doing comparative politics might approach such subjects Concepts make possible scholarly conversations including creative confrontations across

paradigms Conceptualising Comparative Politics will challenge you to think of how to engage in conceptual comparative inquiry and how to use various methodologically sound techniques to understand and explain comparative politics

The Business of Human Rights

Alex Newton, 2019-04-02 The spotlight of global scrutiny has shone particularly brightly on corporations' adverse impacts on human rights in recent years. Corporations make up more than two thirds of the world's top economies today and so rightly they are being called to account for their impacts on society and the communities in which they operate. The Business of Human Rights demystifies the relevance of human rights for business, explaining how the corporate responsibility to respect human rights under the UN Guiding Principles can be implemented in practice. It provides a straightforward practical guide that can be easily read and interpreted by managers to help businesses navigate this complex area of legislation and soft law to fulfil their responsibilities. It explains the potential legal, financial and reputational implications for corporations and the steps they need to take to address them. The book tracks some of the major global developments in business and human rights, including the emergence of foreign transnational and international law and the proliferation of multi-stakeholder initiatives on business and human rights. Case studies from a range of sectors and industries such as extractives, apparel, fast-moving consumer goods, electronics and banking and finance illustrate the enormous risks and opportunities human rights pose for business in practice. The Business of Human Rights will equip corporate executives, sustainability practitioners, academics, students and anyone interested in business's impacts on society with the essential information and tools they need to quickly come up to speed with the rapidly evolving area of business and human rights.

Report of the Special Rapporteur on Contemporary Forms of Slavery, Including Its Causes and Consequences

United Nations. General Assembly, 2015 **Realizing the Right to Development** United Nations. Office of the High Commissioner for Human Rights, 2013 This book is devoted to the 25th anniversary of the United Nations Declaration on the Right to Development. It contains a collection of analytical studies of various aspects of the right to development which include the rule of law and good governance, aid, trade, debt, technology transfer, intellectual property, access to medicines and climate change in the context of an enabling environment at the local, regional and international levels. It also explores the issues of poverty, women and indigenous peoples within the theme of social justice and equity. The book considers the strides that have been made over the years in measuring progress in implementing the right to development and possible ways forward to make the right

to development a reality for all in an increasingly fragile interdependent and ever changing world **Looking Ahead** ,1997
 Sociological Abstracts ,2004-04 **Saskatchewan Law Review** ,1985 *The Rotarian* ,1919 *Human Rights*
Obligations of Non-state Actors Andrew Clapham,2006 This work presents an approach to human rights which goes beyond
the traditional focus on states and outlines the human rights obligations of non state actors It finishes with examples of how
they can be held legally accountable for their actions in various jurisdictions *American Purpose* ,1987 **Unbundling**
