Business Diagnostics 2nd Edition:

Business Diagnostics Richard Mimick, Michael Thompson, 2002 Business Diagnostics has been written to overcome a significant challenge facing today's business owners specifically the time constraints in acquiring business management skills Business owners have limited time or inclination to attend extended business school courses Likewise accessing topical information on enhancing corporate performance magazines or web sites can be sporadic and time consuming The authors have designed Business Diagnostics to address these concerns by developing a valuable reference book that can be easily read over a weekend or a few weekday evenings Business Diagnostics will provide practical assistance to the following target audiences The existing C E O business owner or manager who has growth opportunities and needs to size up existing and potential operations The individual who wishes to set up a new yet to be proven business venture and requires guidelines to assess the likelihood of success and the steps necessary to attract financing or equity A new or existing technology company owner who needs to assess the relative merits of attracting outside equity or raising additional debt in order to expand product and or markets We also feel that this book will be useful to both Business Engineering and Technology students by providing a concise set of practical diagnostics tools to complement generic course materials At the same time the materials will provide a fast track to understanding the fundamentals and challenges in running and growing a company **Business**

Diagnostics William Smith, Richard Mimick, Michael Thompson, 2004 Business Diagnostics is an invaluable reference for today's business owner The authors have devised a unique framework that allows company owners and managers to complete a powerful external and internal evaluation of their corporate health This indispensable book provides insights and reference sources covering a broad spectrum of business issues from raising equity obtaining financing implementing growth strategies and surviving when times get tough You will learn to Complete an effective external size up of your business environment and industry sector Critically examine your key functions Finance Marketing Operations Human Resources and Technology using a unique and concise evaluation of your strengths and what need to be fixed Assess your Customer focus Hone your diagnostic and evaluation skills by reviewing a fictional company and then completing a size up to assess the health and prospects of a company experiencing growth challenges Enhance your equity raising proposals and avoid the many pitfalls that confront participants in this complex process Submit an effective and successful bank financing proposal by understanding the risk assessment that commercial bankers use to separate the winners from the losers Complete and initial valuation of your company or one that you intend to purchase by considering four key valuation techniques and the due diligence process that needs to be followed Simplify the business and strategic planning process by reviewing the Seven Ways To Create An Effective Business Plan *Business Diagnostics* Richard Mimick, 2015 **Business Diagnostics**
