Bureaux Christian Milovanoff:

Dialoguizing photography Institut d'art contemporain (Villeurbanne, France), 2005 The photographic collections are the fruit of an important collaboration between the IAC FRAC Rh ne Alpes and the Museum of Modern Art of Saint Etienne In 1985 the FRAC Rh ne Alpes originally commissioned art and photographic historian Jean Fran ois Chevrier to build up a collection of works representing the history of photography This led to the incorporation of works by the first generations of photographers a thrilling and unexpected prospect for a regional body such as the FRAC This collection was deposited to the Museum of Modern Art thus nurturing the common interests of both parties and giving rise to two parallel complementary collections as historical cross sections spanning the main issues of photography The natural outcome of such a longstanding collaboration was a large scale twofold exhibition with the aim of bringing this rich cultural heritage to the public eye This book complete with CD Rom of the collections inventory is therefore both a reminder of the exhibitions and a catalogue of the collections
