Bed Bath And Beyond Ad:

The Nobody People Bob Proehl, 2019-09-03 When a group of outcasts with extraordinary abilities comes out of hiding their clash with a violent society will spark a revolution or an apocalypse Much like the X Men comics Proehl masterfully uses science fiction as a lens to examine social inequality and human evil Booklist Avi Hirsch has always known his daughter was different But when others with incredible otherworldly gifts reveal themselves to the world Avi realizes that her oddness is something more that she is something more With this he has a terrifying revelation Emmeline is now entering a society where her unique abilities unfairly mark her as a potential threat And even though he is her father Avi cannot keep her safe forever Emmeline soon meets others just like her Carrie Norris a teenage girl who can turn invisible but just wants to be seen Fahima Deeb a woman with an uncanny knack for machinery but it s her Muslim faith that makes the U S government suspicious of her They are the nobody people ordinary individuals with extraordinary gifts who want one only thing to live as equals in an America that is gripped by fear and hatred But the government is passing discriminatory laws Violent mobs are taking to the streets And one of their own an angry young man seething with self loathing has used his power in an act of mass violence that has put a new target on the community The nobody people must now stand together and fight for their future or risk falling apart The first book of a timely two part series *The Nobody People* is a powerful novel of love and hope in the face of bigotry that uses a world touched by the fantastic to explore our current reality It is a story of family and community It is a story of continuing to fight for one another no matter the odds It is the story of us Bob Proehl will return with *The Somebody People*
