## **Bedelia Femmes Fatales:**

**Bedelia** Vera Caspary,1946    **The Femme Fatale: Images, Histories, Contexts** Helen Hanson,Catherine O'Rawe,2010-07-20 These essays trace the femme fatale across literature visual culture and cinema exploring the ways in which fatal femininity has been imagined in different cultural contexts and historical epochs and moving from mythical women such as Eve Medusa and the Sirens via historical figures such as Mata Hari to fatal women in contemporary cinema

*Becoming* Kavita Mudan Finn,EJ Nielsen,2019-08-06 The NBC series Hannibal has garnered both critical and fan acclaim for its cinematic qualities its complex characters and its innovative reworking of Thomas Harris's mythology so well known from Jonathan Demme's Silence of the Lambs 1991 and its variants The series concluded late in 2015 after three seasons despite widespread fan support for its continuation While there is a healthy body of scholarship on Harris's novels and Demme's film adaptation little critical attention has been paid to this newest iteration of the character and narrative Hannibal builds on the serial killer narratives of popular procedurals while taking them in a drastically different direction Like critically acclaimed series such as Breaking Bad and The Sopranos it makes its viewers complicit in the actions of a deeply problematic individual and in the case of Hannibal forces them to confront that complicity through the character of Will Graham The essays in *Becoming* explore these questions of authorship and audience response as well as the show's themes of horror gore cannibalism queerness and transformation Contributors also address Hannibal's distinctive visual auditory and narrative style Concluding with a compelling interview with series writer Nick Antosca this volume will both entertain and educate scholars and fans of Hannibal and its many iterations    [Femininity in the Frame](#) Melanie

Bell,2009-11-30 It's widely assumed that Britain in the 1950s experienced a return to traditional gender roles Popular cinema has typically been seen to represent this era through the dominant image of the happy housewife *Femininity in the Frame* is a sharply observant account of how British cinema engaged with femininity and women's roles during this important period Written in a lively and accessible manner it challenges received understandings arguing that the period was marked by social unease and anxiety about gender roles and femininity with much British cinema producing ambiguous messages about feminine identities and the role of women Through analysing marginalized figures such as prostitutes criminals and femmes fatales and addressing central themes notably sexuality marriage and female friendship Melanie Bell examines how British popular cinema imagined and constructed femininity in this era of rapid social and cultural change She draws together sources ranging from official reports to film reviews with case studies of films across genres including *The Perfect Woman* *Young Wives Tale* *The Weak and the Wicked* and *A Town Like Alice* to show how new ideas and understandings of femininity were seeping into the cultural imagery at this time She demonstrates how such films expressed proto feminist ideas and how they ultimately explored new forms of femininity in a manner that has not until now been recognised    **The British Cinema Book** Robert Murphy,2019-07-25 The new edition of *The British Cinema Book* has been thoroughly revised and

**TV Noir** Allen Glover, 2019-09-24 The pioneering incisive lavishly illustrated survey of noir on television the first of its kind Noir as a style movement or sensibility has its roots in hardboiled detective fiction by writers like Chandler and Hammett and films adapted from their novels were among the first called film noir by French cineastes But film isn't the only medium with a taste for a dark story Hundreds of noir dramas have been produced for television featuring detectives and femmes fatales gangsters and dark deeds continuing week after week with a new disruption of the social order In TV Noir television historian Allen Glover presents the first complete study of the subject Deconstructing its key elements with astute analysis from NBC's adaptation of Woolrich's The Black Angel to the anthology programs of the 40s and 50s from the classic period of Dragnet M Squad and 77 Sunset Strip to neo noirs of the 60s and 70s including The Fugitive Kolchak and Harry O this is the essential volume on TV noir

**Hannibal Lecter's Forms, Formulations, and Transformations** Jessica Balanzategui, Naja Later, 2020-12-17 This book examines how the iconic character Hannibal Lecter has been revised and redeveloped across different screen media

texts Hannibal The Cannibal Lecter has become one of Western culture's most influential and enduring models of monstrosity since his emergence in 1981 in Red Dragon Thomas Harris' first Lecter book Lecter is now at the centre of an extensive cross-mediated mythology the most recent incarnation of which is Bryan Fuller's television program Hannibal NBC 2013-2015. This acclaimed series is the focus of Hannibal Lecter's Forms, Formulations and Transformations which examines how Fuller's program harnesses the iconic character to experiment with traditional boundaries of genre, medium, taste and narrative form. Featuring chapters from established and emerging screen and popular culture scholars from around the world the book outlines how the show operates as a striking experiment with televisual form and formula. The book also explores how this experimentation is embodied by the boundary defying character the savage cannibalistic serial killer practicing psychiatrist and cultured art enthusiast Hannibal Lecter. The chapters in this book were originally published as a special issue of the journal Quarterly Review of Film and Video. *Gentleman of Leisure* Susan Hall, 2006. A facsimile edition of the first 1972 edition that followed Silky a pimp and his women through an entire year of life on the streets of New York City. Bob Adelman dives headlong onto the world of the original Macks and players the Big City Pimps in this in-depth photographic exploration of the underworld figures that populated the streets of New York City. Armed with only a camera Adelman entered the lives of Silky and his women. This facsimile edition re-introduces this classic of the times and makes available once more this compelling and hugely popular book. **Lance Comfort** Brian McFarlane, 1999. In the years between 1941 and 1965 Lance Comfort made some of the most entertaining films in Britain. There was the striking success of his second feature as director *Hatter's Castle* 1941 and when he returned to this melodramatic vein in 1945 he made a series of highly proficient and enjoyable studies in obsession including *Bedelia* 1946 with Margaret Lockwood as a murdereress and *Temptation Harbour* 1947 starring Robert Newton as a decent man in the grip of erotic attraction. Comfort's career has never been charted in full that is from the apprenticeship in the 1930s through the melodramas of the 1940s to the often rewarding co-features of the following two decades. His is in many ways a prototypical career in British cinema his very attractive body of work has been marginalised by critical focus on a few giant figures. This is a book that will appeal to all students and researchers in British cinema as well as to anyone with an interest in British films and why they were the way they were in their most productive period. **Clues**, 1980. **The Illustrated Who's who of the Cinema** Arnold Desser, 1983. *Current Biography*, 1948.

*Heroines Without Heroes* Ulrike Sieglohr, 2000-03. 1945 to 1951 was a neglected period in the study of European film. Ulrike Sieglohr rectifies this era's absence in cinematic history and explores the roles gender played during the national identity struggles of the time. Sieglohr compares and contrasts the postwar cinemas of Britain, France, Germany, Italy and Spain in order to examine how representations of women in this period emerged from specific national contexts. She further analyzes the appeal of particular stars and the political and social conditions that contributed to their popularity. *MLA International Bibliography of Books and Articles on the Modern Languages and Literatures*, 1983.
