Bibliography of Sources on the Region of Former Yugoslavia Volume III Rusko Matuli?,1998

Choreographing Problems Bojana Cvejic,2016-04-29 This book illuminates the relationship between philosophy and experimental choreographic practice today in the works of leading European choreographers A discussion of key issues in contemporary performance from the viewpoint of Deleuze Spinoza and Bergson is accompanied by intricate analyses of seven groundbreaking dance performances

Islam and Nationalism in India M.T. Ansari,2015-10-30 Islam in India as elsewhere continues to be seen as a remainder in its refusal to conform to national and international secular modern norms Such a general perception has also had a tremendous impact on the Muslims of the Indian subcontinent who as individuals and communities have been shaped and transformed over centuries of socio political and historical processes by eroding their world view and steadily erasing their life worlds This book traces the spectral presence of Islam across narratives to note that difference and diversity demographic as well as cultural can be espoused rather than excised or exorcized Focusing on Malabar home to the Mappila Muslim community in Kerala South India and drawing mostly on Malayalam sources the author investigates the question of Islam from various angles by constituting an archive comprising popular administrative academic and literary discourses The author contends that an uncritical insistence on unity has led to a formation in which minor subjects embody an excess of identity in contrast to the Hindu citizen whose identity seemingly coincides with the national This has led to Muslims being the source of a deep seated anxiety for secular nationalism and the targets of a resurgent Hindutva in that they expose the fault lines of a geographically and socio culturally unified nation An interdisciplinary study of Islam in India from the South Indian context this book will be of interest to scholars of modern Indian history political science literary and cultural studies and Islamic studies

A history of disability in England Simon Jarrett,2023-12-01 Throughout history numerous individuals with disabilities have had to pit themselves against huge obstacles placed in their way because of the type of person they were born as the type of person they became through accident illness or circumstances or the type of person they have been perceived as This book tells the story of how disabled people have done this how they have seen themselves how they have been perceived and treated by others and how they have influenced society People with disabilities have always been a part of English society and this concise thousand year history ranges from the surprisingly integrated communities of the medieval and early modern periods to the institutionalisation of the 19th and 20th centuries Sometimes the history of disability is described as a hidden history This book argues that it is no such thing The history of people with disabilities is often in front of our eyes yet we frequently choose to ignore it or simply do not see it Accounts of daily life events art literature family histories and political debate have always featured people with disabilities who are there for all to see but too often observers particularly non disabled observers gaze straight past them

The Birmingham Quean S. A. M. Trainor,2010-06 We are to believe there was a time when The Birmingham Quean was just a

poem a mock epic burlesque in which a fake pound coin told how she was won in a game of darts by a drag queen called Britannia Spears It parodied Pope s The Rape of the Lock Byron s Don Juan and an anonymous eighteenth century novel The Birmingham Counterfeit The transformation of this bit of picaresque doggerel into the sprawling work barely contained by this cover is the central mystery of a ludic novel It mirrors the unlikely story of a dirty little settlement of nailers and cutlers becoming the principle city of the Industrial Revolution by flooding the Restoration economy with counterfeit coins What remains is an absurd scholarly edition of a poem recast as a futuristic dystopia in which nothing is authentic It is also the tale of an impossible love affair that uncovers an impossible text by an impossible author It is as strange ironic sombre flashy and anarchic as the city to which it owes its existence *Office Markets and Public Policy* Colin Jones,2013-03-04 This is the first book that looks at how offices and office markets in cities have changed over the last 30 years It analyses the long term trends and processes within office markets and the interaction with the spatial economy and the planning of cities It draws on examples around the world and looking forward at the future consequences of information communication technologies and the sustainability agenda it sets out the challenges that now face investors The traditional business centres of cities are losing their dominance to the brash new centres of the 1980s and 1990s as the concept of the central business district becomes more diffuse Edge cities business space and office parks have entered the vocabulary as offices have also decentralised The nature and pace of changes to office markets set within evolving spatial structures of cities has had implications for tenants and led to a demand for shorter leases The consequence is a rethink of the traditional perception of property investment as a secure long term investment and this is reflected in reduced investment holding periods by financial institutions Office Markets land management property and real estate urban planning and urban studies It will also be of interest to researchers property professionals policy makers and planning practitioners *America, History and Life* ,2007 Article abstracts and citations of reviews and dissertations covering the United States and Canada *War, Violence, Terrorism, and Our Present World* Hares Sayed,2017-05-30 Why Are We Facing Never Ending Terrorism Political violence and terrorism have been literally bleeding humanity throughout the world This book sheds light on terrorism highlighting the causes of this evil including religion wealth disparity poverty dysfunctional government and the crippling lending policies of international financial institutions In particular it highlights one major gray area not discussed by conventional writers theColonial Legacy This book highlights every aspect of political development from the birth of new nations to the race for supremacy The impact of scarce mineral resources the role of religions the Shia Sunni turmoil in the Middle East and last but not least the militarization processes are all discussed Greed allows terrorism to take root and to be nurtured It leads the religious to be abused and innocent people to be victimized by war s profiteers **American Book Publishing Record** ,2006 *American Reference Books Annual* Bohdan S. Wynar,2006 1970 issued in 2 vols v 1 General reference social sciences history economics business v 2 Fine arts humanities science and engineering *Choice* ,2007 **Superman on**

Film, Television, Radio and Broadway Bruce Scivally, 2008 The book includes rarely seen photos of the actors who have brought Superman to life including Clayton Bud Collyer Kirk Alyn George Reeves and Christopher Reeve Appendices provide a listing of Superman related books and websites along with a comprehensive chart of the cast and characters featured in Superman films television shows and radio programs since 1941 Provided by publisher **Nursing Times, Nursing Mirror**, 2009
