*Masters Theses in the Pure and Applied Sciences* Wade H. Shafer, 2013-12-11 Masters Theses in the Pure and Applied Sciences was first conceived published and disseminated by the Center for Information and Numerical Data Analysis and Synthesis CINDAS at Purdue University in 1957 starting its coverage of theses with the academic year 1955 Beginning with Volume 13 the printing and dissemination phases of the activity was transferred to University Microfilms Xerox of Ann Arbor Michigan with the thought that such an arrangement would be more beneficial to the academic and general scientific and technical community After five years of this joint undertaking we had concluded that it was in the interest of all concerned if the printing and distribution of the volume were handled by an international publishing house to assure improved service and

broader dissemination Hence starting with Volume 18 Masters Theses in the Pure and Applied Sciences has been disseminated on a worldwide basis by Plenum Publishing Corporation of New York and in the same year the coverage was broadened to include Canadian universities All back issues can also be ordered from Plenum We have reported in Volume 19 thesis year 1974 a total of 10 045 theses titles from 20 Canadian and 209 United States universities We are sure that this broader base for theses titles reported will greatly enhance the value of this important annual reference work The organization of Volume 19 is identical to that of past years It consists of theses titles arranged by discipline and by university within each discipline     *Broadband Matching--theory And Implementations: Problems And Solutions* Wai-kai Chen,1993-08-18 The solutions to problems in the text Broadband Matching Theory and Implementations are presented in this book It contains detailed solutions to most problems in the text except some proofs of identities and theorems and the verification of solutions Many of the design problems are given in numerical details for the benefit of those who wish to perform the design themselves     **Who's who Among Asian Americans, 1994-95** Amy L.
