

Can I pass CFA Level I with Self Study?

Yes, it's far possible to pass the CFA level I exam with self-study. But, maximum CFA participants strongly advocate that you prepare with a CFA professional who can help guide you through the curriculum and keep you prompted alongside the manner. One of the most important demanding situations of CFA exam prep is durability. In common, it takes 4+ years for a CFA candidate to complete the whole CFA application. You should only pursue the self-study method in case you are an enormously-influenced self-starter who does not need guided instruction. Getting guided coaching ensures that you have a CFA professional who knows what it takes to skip the examination for your corner. An expert can let you wreck your study ordinary into precise weekly tasks based on and leading up to your CFA examination date, and also can offer distinct remarks following your mock exams, and in the end, help you master the CFA curriculum.
