## **The True Story of Fake**

**News** Mark Dice,2017-11-03 Is fake news being spread through social media as part of an information war Are political operatives publishing disinformation to smear the opposition and help their own agendas Who creates fake news how does it spread and can it be stopped What are the real world effects of fake news stories that go viral Did it affect the outcome of the 2016 presidential election Or is fake news a fake problem designed to justify tighter control over the mechanisms of sharing information online to drive audiences back to brand name media outlets because their audiences and influence are dwindling Media analyst Mark Dice takes a close look at the fake news phenomenon and the implications of mega corporations like Facebook Google and Twitter becoming the ultimate gatekeepers and distributors of news and information You will see the powerful and deceptive methods of manipulation that affect us all as numerous organizations and political activists cunningly plot to have their stories seen heard and believed by as many people as possible The depths of lies distortions and omissions from traditional mainstream media will shock you and now they're colluding with the top tech companies trying to maintain their information monopolies This is The True Story of Fake News

## **Representation** Jenny Kidd,2015-10-23 Written

especially for undergraduate students Representation synthesises and updates our understandings of representation and the tools for its analysis for use in the new mediascape Jenny Kidd uses an engaging range of current examples and a lively style to explore a number of key questions reflecting existing and contemporary debates about representation These key questions include Who owns and manages representations Whose realities are foregrounded and whose are consigned to invisibility To what extent are increased opportunities for self representation altering the landscape And what happens to representation within the noisy playful and often subversive communications of the Internet Kidd considers the political social and cultural importance of representation across a broad spectrum of cultural and creative industries This examination of the relationship between media cultural representations and the construction of reality identity and society makes it an ideal text for students that need to get to grips with this core thematic of media and cultural studies
