The Power of Instinct Leslie Zane, 2024-06-18 Award winning Fortune 500 brand consultant and behavioral expert Leslie Zane shatters conventional marketing wisdom showing readers how to tap into the hidden brain where instinct prevails creating a powerful network of connections that drive people to buy your product company or vision People don t make decisions with their conscious mind but on instinct In The Power of Instinct marketing consultant and behavioral science expert Leslie Zane shows that to grow a brand business or even a social movement traditional persuasion tactics fall short Instead you must connect to the instinctive mind And to do this you need to

understand the science of consumer choice and employ techniques that work with a person's brain not against it. Zane uncovers the hidden network of connections that dictates the snap decisions we make and cracks the code on how to influence it. With a revolutionary set of rules for expanding the network, Zane shows us how to make any brand, business, political candidate, or idea the dominant instinctive choice. With science as your guide, as well as stories from the world's most successful brands from McDonald's and Lululemon to the Yankees and Taylor Swift, you'll learn what kind of messages create the greatest amount of positive associations. Why finding new customers accelerates growth and relying on existing ones is a trap. Why emotional stories are not enough to drive trial and long-term brand loyalty.
