Basic Cost Benefit Analysis For Assessing Local Public Projects:

Basic Cost Benefit Analysis for Assessing Local Public Projects Barry P. Keating, Maryann O. Keating, 2013-11-25 CBA is an attempt to fully account for all costs associated with a new proposal along with a detailed calculation of specific private and public benefits Properly employed CBA is simply a method for assessing a proposal prior to a collective decision by calculating net benefits relative to an alternative project or the default option of doing nothing Basic Cost Benefit Analysis for Assessing Local Public Projects, Second Edition Barry P. Keating, Maryann O. Keating, 2017-05-24 The cost benefit technique is so often referenced in government policy that a correct understanding is necessary for officials entrusted with public decisions This book presents essential elements for understanding interpreting and conducting cost benefit analysis CBA in the context of local government If you re charged with preparing numerical analyses to assess the worthiness of a specific policy proposal you ll need this book to understand how costs and benefits are identified and analyzed in terms of economic efficiency and resource allocation CBA is rooted in and has little or no value apart from the economic concepts of cost and resource efficiency This book is designed to teach the correct use and interpretation of cost benefit analysis while advising you of CBA s limitations and pitfalls Case studies presented in the final chapters of this book represent typical proposals confronted by local officials The book also includes instructions for using computer spreadsheets to build basic cost benefit models and an appendix on the step by step process of discounting future costs and benefits The Practice of Evaluation Ryan P. Kilmer, James R. Cook, 2020-09-18 The Practice of Evaluation Partnership Approaches for Community Change provides foundational content on evaluation concepts approaches and methods as well as applied practical examples with an emphasis on the use of evaluation and partnership approaches to effect change **Infrastructure Development and Construction Management** J.
